Finance Board  
West Virginia Public Employees Insurance Agency  
601 57th St., SE, Suite 2  
Charleston, West Virginia 25304-2345

Ladies and Gentlemen:

I, Dave Bond, am a Fellow of the Society of Actuaries, a Member of the American Academy of Actuaries, and the Managing Partner in the firm of Continuing Care Actuaries.

Continuing Care Actuaries has been retained by the West Virginia Public Employees Insurance Agency Finance Board (“Board”) to assist it as provided under Code of the West Virginia 1931 (“Code”), as amended. The Board has asked Continuing Care Actuaries to review the financial plan prepared and proposed by the Board in December 2016 for the fiscal year 2018 (“FY 2018”) and to provide quarterly financial reports for current FY 2017 and thereafter. Our analysis is developed on an accrued and incurred reporting basis for a projection period of five years as required by the Code.

Under the statutory Code provisions, it is the Board’s responsibility to prepare a proposed financial plan designed to generate revenues sufficient to meet all insurance program and administrative costs of the West Virginia Public Employees Insurance Agency (“PEIA”). The Board is required to provide a financing plan in which the State Fund revenue costs are financed 80% by state employers and 20% by state employees in FY 2017 and in subsequent fiscal years. In subsequent fiscal years, future transfers of employer and employee funds may be needed to obtain the 80% and 20% split between employer and employee, depending on future enrollment and coverage elections by insureds.

The Board is also charged with the responsibility to review actual costs incurred, any revised cost estimates, expenditures, and other factors affecting the fiscal stability of the plan and to make any modifications to the plan necessary to insure that the total financial requirements of PEIA are met for the projection period. We have been asked to review the proposed financial plan, and as supported by our work, to render an actuarial opinion stating whether the plan may be reasonably expected to generate sufficient revenues to meet estimated insurance program and administrative costs of PEIA through FY 2021.

The Medicaid / PEIA Hospital Bill (“Bill”) has been extended and is anticipated to continue to provide PEIA with hospital charge savings through discounts for all non-Medicare coverages. These hospital savings are assumed to increase by the medical trend assumptions in Fiscal Year 2017 and subsequently. We are assuming that the Bill will continue throughout the five year forecast period.

Continuing Care Actuaries has provided preliminary forecasts for fiscal years ending June 30, 2017 (“FY 2017”), June 30, 2018 (“FY 2018”), June 30, 2019 (“FY 2019”), June 30, 2020 (“FY 2020”) and June 30, 2021 (“FY 2021”). Our opinion of plan adequacy is based on the projections through FY 2021 using updated future revenue and plan modifications provided by the Board in the financial plan adopted in December 2016. This forecast is prepared for the Public Employee Insurance Agency, and does not include actuarial projections for the West Virginia Retiree Health Benefit Trust Fund.

In reviewing the plan, Continuing Care Actuaries utilized information concerning the plan’s prior experience, covered individuals, plan revenues, plan benefits, plan administrative costs, and other expenses. This information was developed and provided by PEIA, the plan’s third party administrators and other sources. In our review, we completely relied on the accuracy of this information and did not perform any due diligence on the information. The enclosed forecasts include anticipated changes from the federal statute Patient Protection and Affordable Care Act (“PPACA”) signed into law on March 23, 2010. Additional details of the benefit reductions can be found later in this report. In addition, it is noteworthy that some current PEIA members have become eligible for the West Virginia Children Health Insurance Plan effective in Fiscal Year 2016.

In FY 2017 the Pay-Go is equivalent to \$294 per retiree per month. In future years, the Pay Go premium may increase by a maximum of 3% per retiree per year, indexed to the initial fixed subsidy determined in FY 2013. The new Pay-Go premium formula is based on the financial plan approved by the Financial Board in December 2016.

This report includes updated claim trend assumptions as recommended in the report titled, “PEIA FY2016 Detailed Medical and Prescription Drugs Claim Trend Report - November 2016”. In the circumstances and subject to the conditions described herein, we believe the financial plan approved by the Board for FY 2017 through FY 2021 may be reasonably expected to generate sufficient revenues, when combined with the existing surplus, to meet estimated insurance program and administrative costs of PEIA. In addition, we are forecasting that PEIA will meet the minimum 20% employee cost share requirement for state revenue in FY 2017 based on the scheduled revenue increases of the financial plan approved and amended by the Board in December 2016.

The conclusion of long-term solvency for the program over the five-year forecast is based on significant revenue increases in employer and employee premiums in later fiscal years of the plan through FY 2021 as approved by the Board.

The preparation of any estimate of future health costs requires consideration of a broad array of complex social and economic events. Changes in reimbursement methodology, the emergence of new and expensive medical procedures and prescription drugs options, and the continuing evolution of the framework of the managed care options, as are contemplated in the Board's proposed plan, increase the level of uncertainty of such estimates. As such, the estimate of insurance program costs contains considerable uncertainty and variability and actual experience may not conform to the assumptions used.

Respectfully,

Dave Bond, F.S.A., F.C.A., M.A.A.A.  
Managing Partner

Chris Borcik, F.S.A., F.C.A., M.A.A.A.  
Principal

# **West Virginia Public Employees Insurance Agency**

## **Report of Independent Actuary**

### **Financial Plan for FY 2017 – FY 2021**

#### **OVERVIEW**

This report analyzes revenues and expenses related to funding the health and life insurance benefits of active employees of the State and various Local Agencies, together with their dependents. This report is intended for the sole use of the Board, and any other use requires written approval by Continuing Care Actuaries.

This report was compiled utilizing claims data collected by PEIA's third party administrators through February 2017 for prescription drugs and medical claims. Enrollment data, administrative expenses, managed care capitations, and plan revenues were provided at special request from PEIA. Revenue assumptions are based on premium rates, assumed investment income and significant general and special revenue allocations provided by the Governor, some of which have not been approved by the West Virginia Legislature. In addition, other information became available through presentations made at the Board meetings, which has been used in arriving at our conclusions.

The Code of the State of West Virginia establishes the actuarial reporting requirements for PEIA on an incurred basis for medical claims and capitations and on an accrued basis for administrative expenses and revenue for a period not to exceed five years. At the request of the Board, the reporting basis is based upon the separation of employees into two funds: Active Local Employee Fund and State Employee Fund. The Active Local Fund represents local governmental agencies, county governmental agencies and other public entities. The State Fund represents active state employees, college and university employees and county boards of education employees. The Active Local Fund and the State Fund are allocated administrative costs based on each fund's proportionate total revenue levels.

## **KEY ASSUMPTIONS**

### **A. Enrollment Changes**

These projections include the assumption that Preferred Provider Benefit (“PPB”) and managed care enrollment will not change from March 2017 enrollment levels for the duration of these forecasts for active employees.

In aggregate, March 2017 enrollment for active employees has decreased by 870 coverages since the end of FY 2016. Aggregate PPB enrollment has decreased by 1,217 in total over the same period, while managed care enrollment experienced an increase of 347 coverages.

In the State Fund, the overall active State enrollment decreased by 1,087 coverages from the end of FY 2016 to March 2017. And in the Local Fund, the overall active Local enrollment increased by 217 coverages from the end of FY 2016 to March 2017.

The following chart summarizes the current enrollment as of the selected monthly billing dates of June 2015, June 2016 and March 2017 for purposes of comparison:

PEIA Fund	Coverage	Preferred Provider Benefit			Managed Care		
		Jun-15	Jun-16	Mar-17	Jun-15	Jun-16	Mar-17
State Active	Single	22,080	22,035	21,635	1,889	1,946	2,147
	Children	6,295	6,250	6,007	571	591	597
	Family	30,344	29,925	29,172	2,759	2,782	2,884
	Total	58,719	58,210	56,814	5,219	5,319	5,628
Local Active	Single	5,474	5,204	5,377	371	399	432
	Children	1,013	959	972	102	106	103
	Family	5,720	5,724	5,717	149	187	195
	Total	12,207	11,887	12,066	622	692	730
Plan Total		70,926	70,097	68,880	5,841	6,011	6,358
Grand Total					76,767	76,108	75,238

## B. Changes in Claim Backlog

It should be noted that on July 1, 2006, all retirees were transferred to the RHBT. The chart below has not been adjusted to reflect the smaller risk pool. It has displayed the duration of claim payments that has been gradually declining for the self-insured block of non-Medicare coverages. Backlog has shown a historically increasing trend since July 2006. However, it indicates a downward trend since the beginning of FY 2017.

WV PEIA&RHBT Claim Backlog July 2006 through February 2017

### C. Trend Analysis

PEIA experienced slightly higher medical and prescription drug trends in FY 2016, but over the past few years, trends have been beneficial to the plan. Continuing Care Actuaries performed the detailed medical and prescription drugs trend analysis in the report titled, “PEIA FY2016 Detailed Medical and Prescription Drugs Claim Trend Report - November 2016”. This report includes the detailed trend analysis of PEIA experience by medical and prescription drugs. Based on the analysis, we have maintained the FY 2017 medical claim trend assumption at 7.0%, and we have increased the FY 2017 prescription drug claim trend assumption from 9.0% to 11.0%.

The current trend projection is shown in the following table:

Claim Type	Previous Assumption FY 2017 Trend	Updated Assumption FY 2017 Trend
Active Local – Medical	7.0%	7.0%
State – Medical	7.0%	7.0%
Active Local – Drugs	9.0%	11.0%
State – Drugs	9.0%	11.0%

In addition, we have assumed that trends will increase by 0.5% in each successive fiscal year beginning in FY 2018. At the Board’s request, the baseline trend assumptions have been established to reflect the most likely or expected trends. In order to provide information on the impact of varying trend assumptions, two alternative trend scenarios were developed. The Optimistic Scenario incorporates trend assumptions 2.0% below the Baseline Scenario and the Pessimistic Scenario incorporates trend assumptions 2.0% above the Baseline Scenario.

The following chart summarizes the trend results observed for the plan using data through February 2017. It is important to note that these trends have not been adjusted to reflect savings as a result of the expansion of the drug rebate program or the claim savings due to changes in provider reimbursement methodologies, nor the changes in the benefit structure. In developing the claim cost projection, we have reflected for benefit and reimbursement changes as an adjustment to the gross trend assumption.

**PEIA Historical Trends (Active Local and State)**

<b><u>Fiscal</u></b> <b><u>Year</u></b>	<b><u>Active Local</u></b> <b><u>Medical</u></b>	<b><u>State</u></b> <b><u>Medical</u></b>	<b><u>Active Local</u></b> <b><u>Drugs</u></b>	<b><u>State</u></b> <b><u>Drugs</u></b>	<b><u>Total</u></b>

\* Fiscal Year 2017 results are through the first eight months ending February 2017.

## D. Enrollment, Claim, Expense and Revenue Assumptions

Using PEIA paid claim data through February 2017 for medical claims and for prescription drugs claims, average annualized incurred unit claim costs were developed for the State Fund and the Local Fund for both self-funded and managed care coverages. Continuing Care Actuaries has developed the claim cost on an adjusted exposure basis using the respective expected claim cost for each coverage type. The adjusted exposure methodology weighs the expected claim cost under each coverage type for single, member and children, and family coverages based on observed differences in health care cost. For example, under this methodology single coverage types are given a weight of 1.0 exposure, whereas member and children coverages are given a greater weighting based on historical expected health care cost relationships. Based on this methodology, the projection of FY 2017 claims and expenses are summarized in the following chart. It should be noted that the chart reflects per policy information.

Fiscal Year 2017 Projection			Net Revenue Excluding Pay Go		Expenses		
Fund	Program	Policies	Monthly Employer Premiums	Monthly Employee Premiums	Monthly Medical Costs	Monthly Drugs Costs*	Monthly Capitation Costs
State	PPB	56,915	\$ 563	\$ 138	\$ 499	\$ 182	
	<u>Managed Care</u>	5,595	\$ 574	\$ 155			\$ 566
	Total	62,510					
Local	PPB	11,988	\$ 587	\$ -	\$ 485	\$ 165	
	<u>Managed Care</u>	728	\$ 485	\$ -			\$ 427
	Total	12,716					

\*Net of rebates and subsidies.

Projected plan revenues, administrative expenses, life insurance premiums, and the amount to be spent on wellness programs were provided by PEIA. Investment income is currently allocated to each fund based on average reserve levels for each fund. The following chart summarizes assumptions used in preparation of the attached forecasts.

### Board Decisions – December 2016

Source	Fiscal Year 2017	Fiscal Year 2018	Fiscal Year 2019	Fiscal Year 2020	Fiscal Year 2021
<b>Additional State Employer Revenue</b>	\$66,800,000	\$0	\$37,000,000	\$52,000,000	\$55,500,000
<b>Additional Local Agency Revenue</b>	\$4,150,000	\$6,600,000	\$16,000,000	\$16,000,000	\$14,500,000
<b>Additional Employee Premium</b>	\$14,500,000	\$0	\$9,300,000	\$13,000,000	\$13,900,000
<b>State Direct Transfer</b>	\$10,000,000	\$10,000,000	\$10,000,000	\$10,000,000	\$10,000,000
<b>Benefit Reductions and Savings / (Increase) - Active State</b>	\$27,475,000	\$31,765,000	\$0	\$0	\$0
<b>Benefit Reductions and Savings / (Increase) - Active Local</b>	\$825,000	\$7,174,000	\$0	\$0	\$0
<b>PPACA Reinsurance Contributions (Cost)</b>	(\$1,800,000)	\$0	\$0	\$0	\$0
<b>PPACA Comparative Effectiveness Research Fees (Cost)</b>	(\$315,470)	(\$322,586)	(\$320,561)	\$0	\$0
<b>Pay Go Premium Transfer</b>	\$150,000,000	\$160,000,000	\$170,000,000	\$180,000,000	\$190,000,000

The \$31,765,000 of Active State benefit reductions and savings in Fiscal Year 2018 is comprised of the following:

	<u>2018 Claim Cost Savings</u>
Medical Claims	\$23.887 M
Drug Claims	\$7.878 M

The \$7,174,000 of Active Local benefit reductions in Fiscal Year 2018 is comprised of the following:

	<u>2018 Claim Cost Savings</u>
Medical Claims	\$5.560 M
Drug Claims	\$1.614 M

A detailed list of the 2018 benefit reductions and savings for the Active Employee plan as voted on by the Board consists of the following:

	<u>State Saving</u>	<u>Local Saving</u>
Fee Schedules Payment Changes	\$0.929 M	\$0.164 M
Ded/MOOP Increases \$200/400 & \$1,000/2,000	\$19.430 M	\$0 M
Non State \$200/400 & \$1,000/2,000	\$0 M	\$4.320 M
Plan A, B & D Changes	\$3.100 M	\$1.000 M
Office Visits All PCP Copays \$20	\$0.428 M	\$0.076 M
<b>Total Medical Benefit Reductions</b>	<b>\$23.887 M</b>	<b>\$5.560 M</b>
Rx Mandatory Maintenance (90 Days)	\$7.669 M	\$1.571 M
Rx Specialty Copay Increases	\$0.209 M	\$0.043 M
<b>Total Drugs Savings</b>	<b>\$7.878 M</b>	<b>\$1.614 M</b>
<b>Total Benefit Reductions and Savings</b>	<b>\$31.765 M</b>	<b>\$7.174 M</b>

The Centers for Medicare & Medicaid Services (“CMS”) and the United States Department of Health and Human Services (“HHS”) released the final rule containing further detail and parameters related to the risk adjustment, reinsurance, and risk corridors programs in the ACA on November 26, 2012. Section 1341 of the ACA provides that health insurance issuers and third party administrators on behalf of group health plans must make payments to an applicable reinsurance entity.

Under the final rule, issuers would be required to pay a reinsurance contribution of \$5.25 per member per month to HHS in 2014. The \$5.25 contribution rate would gradually decrease in 2016. From 2017 and beyond, no further reinsurance contributions will be collected. PEIA will not receive any benefit payments from the national reinsurance program. PEIA will be subject to paying the reinsurance contributions through FY 2017 and the projected expenses of the reinsurance contributions are included in the current financial plan. The total reinsurance contributions for the financial projection are estimated to be approximately \$1,800,000 in FY 2017.

The Treasury Department and the Internal Revenue Service recently issued a final rule implementing a new tax added by the Affordable Care Act: The Comparative Effectiveness Research Fees. These fees are currently expected to be paid by health insurers and plan sponsors of self-insured group health plans.

The Affordable Care Act created a new Patient-Centered Outcomes Research Institute (PCORI) to conduct research evaluating and comparing health outcomes and assess the clinical effectiveness, risks and benefits of medical treatments. The PCORI’s work will be paid for by a new Patient-Centered Outcomes Research Trust Fund, which will be funded in part through the comparative effectiveness research fees.

It is anticipated that PEIA would accrue and pay these fees through FY 2019. The fee would be \$2 per member per year. The total comparative effectiveness research fees for the financial projection are estimated to be approximately \$960,000, with \$315,470 in FY 2017.

Future fiscal year state revenue increases will require legislative appropriation. Additional local agency revenue represents premium increases to be charged to local agencies. Additional employee premiums represent employee premiums paid by active employees participating in the State Fund.

## **E. Provider Reimbursement Changes**

Beyond the extension of the Medicaid / PEIA Hospital Bill throughout the forecast, there are no assumed changes in provider reimbursement for physicians, hospitals and pharmaceutical charges beyond the annual cost updates that PEIA has implemented historically.

### **FISCAL YEAR 2017 FORECAST**

The financial forecast for FY 2017 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2017 projects accrued revenue of \$790,598,468 and incurred plan expenses of \$772,548,685 to produce a fiscal year surplus of \$18,049,783. The PEIA local and state agencies Pay Go premiums for FY 2017 are assumed to be \$150,000,000.

Under the Baseline Scenario, FY 2017 is projected to end with a reserve of \$123,209,277 and the FY 2018 PEIA/RHBT combined, projected plan expenditures of \$904,704,187, which represents 14% of projected expenditures based on the current reserve methodology. The projected reserve meets the minimum actuarial required reserve of \$123,260,744. This reserve is comprised of 15% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending reserve is expected to increase to \$128,664,033 and under the Pessimistic Scenario, the ending reserve is expected to decrease to \$117,786,186.

### **FISCAL YEAR 2018 FORECAST**

The financial forecast for FY 2018 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2018 projects accrued revenue of \$798,495,090 and incurred plan expenses of \$788,614,578 to produce a fiscal year surplus of \$9,880,512. The PEIA local and state agencies Pay Go premiums for FY 2018 are assumed to be \$160,000,000.

Under the Baseline Scenario, FY 2018 is projected to end with a reserve of \$133,089,790 and the FY 2019 PEIA/RHBT combined, projected plan expenditures of \$916,696,931, which represents 15% of projected expenditures based on the current reserve methodology. The projected reserve meets the minimum actuarial required reserve of \$124,835,470. This reserve is comprised of 15% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending reserve is expected to increase to \$154,606,649 and under the Pessimistic Scenario, the ending reserve is expected to decrease to \$111,434,624.

## **FISCAL YEAR 2019 FORECAST**

The financial forecast for FY 2019 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2019 projects accrued revenue of \$861,753,105 and incurred plan expenses of \$854,416,644 to produce a fiscal year surplus of \$7,336,461. The PEIA local and state agencies Pay Go premiums for FY 2019 are assumed to be \$170,000,000.

Under the Baseline Scenario, FY 2019 is projected to end with a reserve of \$140,426,250 and the FY 2020 PEIA/RHBT combined, projected plan expenditures of \$1,000,747,703, which represents 14% of projected expenditures based on the current reserve methodology. The projected reserve meets the minimum actuarial required reserve of \$136,230,543. This reserve is comprised of 15% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending reserve is expected to increase to \$191,028,203 and under the Pessimistic Scenario, the ending reserve is expected to decrease to \$88,857,025.

## **FISCAL YEAR 2020 FORECAST**

The financial forecast for FY 2020 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2020 projects accrued revenue of \$943,688,675 and incurred plan expenses of \$925,281,003 to produce a fiscal year surplus of \$18,407,672. The PEIA local and state agencies Pay Go premiums for FY 2020 are assumed to be \$180,000,000.

Under the Baseline Scenario, FY 2020 is projected to end with a reserve of \$158,833,922 and the FY 2021 PEIA/RHBT combined, projected plan expenditures of \$1,101,920,785, which represents 14% of projected expenditures based on the current reserve methodology. The projected reserve meets the minimum actuarial required reserve of \$149,799,991. This reserve is comprised of 15% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending reserve is expected to increase to \$254,063,628 and under the Pessimistic Scenario, the ending reserve is expected to decrease to \$60,552,618.

## **FISCAL YEAR 2021 FORECAST**

The financial forecast for FY 2021 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2021 projects accrued revenue of \$1,029,017,794 and incurred plan expenses of \$1,005,654,290 to produce a fiscal year surplus of \$23,363,504. The PEIA local and state agencies Pay Go premiums for FY 2021 are assumed to be \$190,000,000.

Under the Baseline Scenario, FY 2021 is projected to end with a reserve of \$182,197,426 and the FY 2022 PEIA/RHBT combined, projected plan expenditures of \$1,219,938,922, which represents 15% of projected expenditures based on the current reserve methodology. The projected reserve meets the minimum actuarial required reserve of \$165,594,737. This reserve is comprised of 15% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending reserve is expected to increase to \$340,661,180 and under the Pessimistic Scenario, the ending reserve is expected to decrease to \$16,567,678.

## **LITIGATION**

The forecasts presented in the attached tables do not contemplate any additional revenues or expenses to be generated from litigation activities.

## **SUMMARY**

With projected changes to the plan as adopted by the PEIA Finance Board, we are forecasting that the plan will meet the minimum 10% reserve target set by West Virginia Statute and the minimum actuarial required reserve target through the projection period ending with the Fiscal Year 2021, using the Baseline assumptions. These projections are based on significant revenue increases as contained in the Financial Plan adopted by the Board in December 2016 and are contingent on legislative approval. These forecasts are based on assumptions including the estimated cost and savings of plan changes, expected trend levels and exposure levels. The continued enrollment changes of the managed care options, changes in physician, ambulatory and hospital provider reimbursement, possible changes in methodology of managed care premium calculation, and changes in the prescription drugs program, can be expected to further exacerbate the difficulty of projecting future medical and drugs claim levels and lags. These projections do not incorporate any anticipated effects of national or state health care reform, such as universal health insurance initiatives and Medicaid reform. As such, actual results deviating from those amounts projected in these pages should not be unexpected. With the legislatively mandated requirement of a five-year projection, it should be assumed that constant modifications would be required.
