Finance Board
West Virginia Public Employees Insurance Agency
601 57th St., SE, Suite 2
Charleston, West Virginia 25304-2345

Ladies and Gentlemen:

I, Dave Bond, am a Fellow of the Society of Actuaries, a Member of the American Academy of Actuaries, and the Managing Partner in the firm of Continuing Care Actuaries.

Continuing Care Actuaries has been retained by the West Virginia Public Employees Insurance Agency Finance Board (“Board”) to assist it as provided under Code of the West Virginia 1931 (“Code”), as amended. The Board has asked Continuing Care Actuaries to review the financial plan prepared and proposed by the Board in December 2023 for the fiscal year 2025 (“FY 2025”) and to provide quarterly financial reports for current FY 2024 and thereafter. Our analysis is developed on an accrued and incurred reporting basis for a projection period of five years as required by the Code.

Under the statutory Code provisions, it is the Board’s responsibility to prepare a proposed financial plan designed to generate revenues sufficient to meet all insurance program and administrative costs of the West Virginia Public Employees Insurance Agency (“PEIA”). The Board is required to provide a financing plan in which the State Fund revenue costs are financed 80% by state employers and 20% by state employees in FY 2024 and in subsequent fiscal years. In subsequent fiscal years, future transfers of employer and employee funds may be needed to obtain the 80% and 20% split between employer and employee, depending on future enrollment and coverage elections by insureds.

The Board is also charged with the responsibility to review actual costs incurred, any revised cost estimates, expenditures, and other factors affecting the fiscal stability of the plan and to make any modifications to the plan necessary to insure that the total financial requirements of PEIA are met for the projection period. We have been asked to review the proposed financial plan, and as supported by our work, to render an actuarial opinion stating whether the plan may be reasonably expected to generate sufficient revenues to meet estimated insurance program and administrative costs of PEIA through FY 2029.

Continuing Care Actuaries has provided financial report for fiscal years ending June 30, 2024 (“FY 2024”), June 30, 2025 (“FY 2025”), June 30, 2026 (“FY 2026”), June 30, 2027 (“FY 2027”), June 30, 2028 (“FY 2028”) and June 30, 2029 (“FY 2029”). Our opinion of plan adequacy is based on the projections through FY 2029 using updated future revenue and plan modifications provided by the Board in the financial plan adopted in December 2023. This forecast is prepared for the Public Employee Insurance Agency, and does not include actuarial projections for the West Virginia Retiree Health Benefit Trust Fund.

In reviewing the plan, Continuing Care Actuaries utilized information concerning the plan’s prior experience, covered individuals, plan revenues, plan benefits, plan administrative costs, and other expenses. This information was developed and provided by PEIA, the plan’s third party administrators and other sources. In our review, we completely relied on the accuracy of this information and did not perform any due diligence on the information. The enclosed forecasts include anticipated changes from the federal statute Patient Protection and Affordable Care Act (“PPACA”) signed into law on March 23, 2010. Additional details of the benefit reductions can be found later in this report. In addition, some PEIA members became eligible for the West Virginia Children Health Insurance Plan effective in fiscal year 2016.

In FY 2024 the Pay-Go is equivalent to \$0 per retiree per month. In future years, the Pay Go premium may increase by a maximum of 3% per retiree per year, indexed to the initial fixed subsidy determined in FY 2013. The new Pay-Go premium formula is based on the financial plan approved by the Financial Board in December 2023.

This report includes updated claim trend assumptions as recommended in the report titled, “PEIA FY2024 Detailed Medical and Prescription Drugs Claim Trend Report”. In the circumstances and subject to the conditions described herein, we believe the financial plan approved by the Board for FY 2024 through FY 2029 may be reasonably expected to generate sufficient revenues, when combined with the existing surplus, to meet estimated insurance program and administrative costs of PEIA. In addition, we are forecasting that PEIA will meet the minimum 20% employee cost share requirement for state revenue in FY 2024 based on the scheduled revenue increases of the financial plan approved and amended by the Board in December 2023.

The conclusion of long-term solvency for the program over the five-year forecast is based on significant revenue increases in employer and employee premiums in later fiscal years of the plan through FY 2029 as approved by the Board.

The preparation of any estimate of future health costs requires consideration of a broad array of complex social and economic events. Changes in reimbursement methodology, the emergence of new and expensive medical procedures and prescription drugs options, and the continuing evolution of the framework of the managed care options, as are contemplated in the Board's proposed plan, increase the level of uncertainty of such estimates. As such, the estimate of insurance program costs contains considerable uncertainty and variability, and actual experience may not conform to the assumptions used.

Respectfully,

Dave Bond, F.S.A., M.A.A.A.

Managing Partner

Chris Borcik, F.S.A., M.A.A.A.

Principal

West Virginia Public Employees Insurance Agency

Report of Independent Actuary

Financial Plan for FY 2024 – FY 2029

OVERVIEW

This report analyzes revenues and expenses related to funding the health and life insurance benefits of active employees of the State and various Local Agencies, together with their dependents. This report is intended for the sole use of the Board, and any other use requires written approval by Continuing Care Actuaries.

This report was compiled utilizing claims data collected by PEIA's third party administrators through September 2024 for prescription drugs and medical claims. Enrollment data, administrative expenses, managed care capitations, and plan revenues were provided at special request from PEIA. Revenue assumptions are based on premium rates, assumed investment income and significant general and special revenue allocations provided by the Governor, some of which have not been approved by the West Virginia Legislature. In addition, other information became available through presentations made at the Board meetings, which has been used in arriving at our conclusions.

The Code of the State of West Virginia establishes the actuarial reporting requirements for PEIA on an incurred basis for medical claims and capitations and on an accrued basis for administrative expenses and revenue for a period not to exceed five years. At the request of the Board, the reporting basis is based upon the separation of employees into two funds: Active Local Employee Fund and State Employee Fund. The Active Local Fund represents local governmental agencies, county governmental agencies and other public entities. The State Fund represents active state employees, college and university employees and county boards of education employees. The Active Local Fund and the State Fund are allocated administrative costs based on each fund's proportionate total revenue levels.

KEY ASSUMPTIONS

A. Enrollment Changes

These projections include the assumption that Preferred Provider Benefit (“PPB”) and managed care enrollment will not change from October 2024 enrollment levels for the duration of these forecasts for active employees.

In aggregate, October 2024 enrollment for active employees has increased by 195 coverages since the end of FY 2024. Aggregate PPB enrollment has increased by 264 in total over the same period, while managed care enrollment experienced a decrease of 69 coverages.

In the State Fund, the overall active State enrollment decreased by 35 coverages from the end of FY 2024 to October 2024. And in the Local Fund, the overall active Local enrollment increased by 230 coverages from the end of FY 2024 to October 2024.

The following chart summarizes the current enrollment as of the selected monthly billing dates of June 2023, June 2024, and October 2024 for purposes of comparison:

PEIA Fund	Coverage	Preferred Provider Benefit			Managed Care		
		Jun-23	Jun-24	Oct-24	Jun-23	Jun-24	Oct-24
State Active	Single	21,381	23,055	23,339	2,444	2,681	2,667
	Children	5,845	7,357	7,477	703	935	962
	Family	26,125	23,161	22,785	2,703	2,329	2,253
	Total	53,351	53,573	53,601	5,850	5,945	5,882
Local Active	Single	6,618	6,977	7,091	476	461	468
	Children	1,276	1,312	1,320	107	108	109
	Family	6,123	6,020	6,134	210	188	174
	Total	14,017	14,309	14,545	793	757	751
Plan Total		67,368	67,882	68,146	6,643	6,702	6,633
Grand Total					74,011	74,584	74,779

B. Changes in Claim Backlog

It should be noted that on July 1, 2006, all retirees were transferred to the RHBT. The graph below has not been adjusted to reflect the smaller risk pool for the active plan. The graph illustrates that the duration of claim payments has been gradually declining for the self-insured block of non-Medicare coverages. Backlog has shown a negative trend since July 2006, with large fluctuations. However, there has been an upward trend since the beginning of FY 2018.

WV PEIA&RHBT Claim Backlog July 2006 through September 2024

C. Trend Analysis

PEIA experienced a high medical trend and a high prescription drugs trend in FY 2024, and over the past few years, total trends have been beneficial to the plan. Continuing Care Actuaries performed the detailed medical and prescription drugs trend analysis in the report titled, “PEIA FY2024 Detailed Medical and Prescription Drugs Claim Trend Report”. This report includes the detailed trend analysis of PEIA experience by medical and prescription drugs. Based on the analysis, the assumed FY 2025 medical claim trend is 8.0%, the gross prescription drugs claim trend is 15.0% and the prescription drugs rebate trend is 5.0%. In 2025, there were an additional rebate included in the projection to reflect the new PBM contract with ESI.

The current trend projection is shown in the following table:

Claim Type	Previous Assumption FY 2025 Trend	Updated Assumption FY 2025 Trend
Active Local – Medical	8.0%	8.0%
State – Medical	8.0%	8.0%
Active Local – Gross Drugs	15.0%	15.0%
State – Gross Drugs	15.0%	15.0%
Prescription Drugs Rebate	5.0%	5.0%

In the past, claim trends for the financial plan included a 0.5% margin in future years. CCA has assumed the medical and drugs claim trends for the financial projection will increase by 0.5% in FY 2026 and in each successive fiscal year. Additionally, drug rebates have been trending at approximately 9% over the last two years. As a result, CCA has separated net drugs in the financial plan into gross drugs and drug rebate amounts. Drug rebates trends are set at 5% in the financial plan.

At the Board’s request, the baseline trend assumptions have been established to reflect the most likely or expected trends. In order to provide information on the impact of varying trend assumptions, two alternative trend scenarios were developed. The Optimistic Scenario incorporates trend assumptions 2.0% below the Baseline Scenario and the Pessimistic Scenario incorporates trend assumptions 2.0% above the Baseline Scenario.

The following chart summarizes the trend results observed for the plan using data through September 2024. It is important to note that these trends *have not* been adjusted to reflect savings as a result of the expansion of the drug rebate program or the claim savings due to changes in provider reimbursement methodologies, nor the changes in the benefit structure. In developing the claim cost projection, we have reflected for benefit and reimbursement changes as an adjustment to the gross trend assumption.

PEIA Historical Trends (Active Local and State)

Fiscal Year	Active Local Medical	State Medical	Active Local Drugs	State Drugs	Total
2004	-1%	12%	9%	7%	9%
2005	16%	7%	7%	20%	11%
2006	1%	2%	18%	7%	3%
2007	15%	2%	13%	8%	5%
2008	3%	8%	-5%	-1%	4%
2009	-8%	3%	5%	4%	2%
2010	10%	1%	9%	9%	4%
2011	11%	8%	16%	15%	8%
2012	5%	5%	8%	6%	5%
2013	-3%	-3%	2%	6%	-3%
2014	8%	6%	9%	7%	7%
2015	6%	10%	14%	10%	10%
2016	9%	11%	12%	13%	12%
2017	6%	1%	11%	9%	4%
2018	0%	4%	16%	15%	7%
2019	8%	8%	15%	16%	10%

2024	14%	14%	25%	23%	17%
2025*	14%	14%	25%	21%	17%

* Fiscal year 2025 results are through the first three months ending September 2024.

D. Enrollment, Claim, Expense and Revenue Assumptions

Using PEIA paid claim data through September 2024 for medical claims and for prescription drugs claims, average annualized incurred unit claim costs were developed for the State Fund and the Local Fund for both self-funded and managed care coverages. Continuing Care Actuaries has developed the claim cost on an adjusted exposure basis using the respective expected claim cost for each coverage type. The adjusted exposure methodology weighs the expected claim cost under each coverage type for single, member and children, and family coverages based on observed differences in health care cost. For example, under this methodology single coverage types are given a weight of 1.0 exposure, whereas member and children coverages are given a greater weighting based on historical expected health care cost relationships. Based on this methodology, the result of FY 2024 and the projection of FY 2025 claims and expenses are summarized in the following chart. It should be noted that the chart reflects per policy information.

Fiscal Year 2024 Result			Net Revenue Excluding Pay Go		Expenses		
Fund	Program	Policies	Monthly Employer Premiums	Monthly Employee Premiums	Monthly Medical Costs	Monthly Drugs Costs*	Monthly Capitation Costs
State	PPB	53,402	\$843	\$206	\$813	\$305	
	Managed Care	5,885	\$860	\$212			\$828
	Total	59,287					
Local	PPB	14,222	\$912	\$0	\$708	\$275	
	Managed Care	758	\$887	\$0			\$632
	Total	14,980					

*Net of rebates and subsidies.

Fiscal Year 2025 Projection			Net Revenue Excluding Pay Go		Expenses		
Fund	Program	Policies	Monthly Employer Premiums	Monthly Employee Premiums	Monthly Medical Costs	Monthly Drugs Costs*	Monthly Capitation Costs
State	PPB	53,578	\$895	\$228	\$868	\$364	
	Managed Care	5,869	\$920	\$235			\$880
	Total	59,447					
Local	PPB	14,537	\$985	\$0	\$749	\$325	
	Managed Care	749	\$989	\$0			\$678
	Total	15,286					

*Net of rebates and subsidies.

Projected plan revenues, administrative expenses, life insurance premiums, and the amount to be spent on wellness programs were provided by PEIA. Investment income is currently allocated to each fund based on average reserve levels for each fund. The following chart summarizes assumptions used in preparation of the attached forecasts.

Board Decisions – December 2023

Source	Fiscal Year 2024	Fiscal Year 2025	Fiscal Year 2026	Fiscal Year 2027	Fiscal Year 2028	Fiscal Year 2029
Additional State Employer Revenue	\$108,100,000	\$62,700,000	\$71,000,000	\$92,000,000	\$95,000,000	\$120,000,000
Additional Local Agency Revenue	\$22,500,000	\$22,800,000	\$20,500,000	\$25,500,000	\$27,000,000	\$24,000,000
Additional Employee Premium	\$28,900,000	\$15,700,000	\$17,800,000	\$23,000,000	\$23,800,000	\$30,000,000
State Direct Transfers (State Budget Appropriations)	\$0	\$87,000,000	\$0	\$0	\$0	\$0
Benefit Reductions and Savings / (Increase) - Active State Medical	\$0	\$0	\$0	\$0	\$0	\$0
Benefit Reductions and Savings / (Increase) - Active State Drugs	\$0	\$0	\$0	\$0	\$0	\$0
Benefit Reductions and Savings / (Increase) - Active Local Medical	\$0	\$0	\$0	\$0	\$0	\$0
Benefit Reductions and Savings / (Increase) - Active Local Drugs	\$0	\$0	\$0	\$0	\$0	\$0
Pay Go Premium Transfer	\$0	\$29,000,000	\$10,000,000	\$10,000,000	\$0	\$0

Future fiscal year state revenue increases will require legislative appropriation. Additional local agency revenue represents premium increases to be charged to local agencies. Additional employee premiums represent employee premiums paid by active employees participating in the State Fund.

In FY 2024, the ACA PCORI fee is approximately \$3.22 per person per year.

West Virginia Senate Bill 268 was signed into law on March 17, 2023. The bill makes three substantial changes to PEIA effective July 1, 2023:

1. Imposes the monthly spouse surcharge for active employee policyholders from state agencies, colleges, universities, and county boards of education whose spouses are offered employer-sponsored insurance coverage but who choose to get coverage through a plan offered by PEIA. This change does not affect non-state agencies, retirees, spouses who are employed by PEIA-participating agencies or are retired, or spouses whose coverage is through Medicare, Medicaid, or TRICARE.

2. Increases health premiums to get the plan back to an 80/20 employer/employee premium split for state agencies, colleges, universities, and county boards of education by July 1, 2023. This eliminates direct and rainy day fund transfers from the state that were previously part of the financial plan.
3. Increases reimbursement to providers to a minimum of 110% of Medicare's reimbursement. It is estimated that this increase to reimbursement will increase paid claims for PEIA and Non-Medicare retirees in the RHBT by \$54.4 million.

E. Provider Reimbursement Changes

Throughout the forecast, there are no assumed changes in provider reimbursement for physicians, hospitals, and pharmaceutical charges beyond the annual cost updates that PEIA has implemented historically.

FISCAL YEAR 2024 RESULT

The financial result for FY 2024 under the Baseline scenario is presented in the Appendix. The Baseline result for FY 2024 projects accrued revenue of \$936,206,240 and incurred plan expenses of \$979,082,737 to produce a fiscal year deficit of (\$42,876,496). The PEIA local and state agencies Pay Go premiums for FY 2024 are \$0.

Under the Baseline Scenario, FY 2024 ends with a Total Fund reserve (State and Local Reserves) of \$81,953,400 and projected plan expenditures of \$979,082,737. This represents 8.4% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$120,019,259. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario.

The State Fund in FY 2024 ends with a reserve of \$65,806,630, which represents 8.2% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$97,862,972.

The Local Fund in FY 2024 ends with a reserve of \$16,146,770, which represents 9.0% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$22,156,288.

FISCAL YEAR 2025 FORECAST

The financial forecast for FY 2025 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2025 projects accrued revenue of \$1,118,428,952 and incurred plan expenses of \$1,108,906,520 to produce a fiscal year surplus of \$9,522,432. The PEIA local and state agencies Pay Go premiums for FY 2025 are assumed to be \$29,000,000.

Under the Baseline Scenario, FY 2025 is projected to end with a Total Fund reserve (State and Local Reserves) of \$91,475,832 and projected plan expenditures of \$1,079,906,520. This represents 8.5% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$132,513,032. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending Total Fund reserve is expected to increase to \$101,946,821 and under the Pessimistic Scenario, the ending Total Fund reserve is expected to decrease to \$81,065,164.

The State Fund in FY 2025 is projected to end with a reserve of \$91,252,187, which represents 10.4% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$107,822,059.

The Local Fund in FY 2025 is projected to end with a reserve of \$223,645, which represents 0.1% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$24,690,974.

FISCAL YEAR 2026 FORECAST

The financial forecast for FY 2026 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2026 projects accrued revenue of \$1,142,137,851 and incurred plan expenses of \$1,196,978,206 to produce a fiscal year deficit of (\$54,840,355). The PEIA local and state agencies Pay Go premiums for FY 2026 are assumed to be \$10,000,000.

Under the Baseline Scenario, FY 2026 is projected to end with a Total Fund reserve (State and Local Reserves) of \$36,635,477 and projected plan expenditures of \$1,186,978,206. This represents 3.1% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$145,731,719. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending Total Fund reserve is expected to increase to \$80,795,142 and under the Pessimistic Scenario, the ending Total Fund reserve is expected to decrease to (\$7,809,262).

The State Fund in FY 2026 is projected to end with a reserve of \$48,481,215, which represents 5.0% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$118,549,943.

The Local Fund in FY 2026 is projected to end with a reserve of (\$11,845,737), which represents -5.4% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$27,181,776.

FISCAL YEAR 2027 FORECAST

The financial forecast for FY 2027 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2027 projects accrued revenue of \$1,281,572,084 and incurred plan expenses of \$1,331,789,903 to produce a fiscal year deficit of (\$50,217,819). The PEIA local and state agencies Pay Go premiums for FY 2027 are assumed to be \$10,000,000.

Under the Baseline Scenario, FY 2027 is projected to end with a Total Fund reserve (State and Local Reserves) of (\$13,582,341) and projected plan expenditures of \$1,321,789,903. This represents -1.0% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$162,450,139. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending Total Fund reserve is expected to increase to \$92,972,313 and under the Pessimistic Scenario, the ending Total Fund reserve is expected to decrease to (\$122,154,587).

The State Fund in FY 2027 is projected to end with a reserve of \$10,476,988, which represents 1.0% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$132,110,188.

The Local Fund in FY 2027 is projected to end with a reserve of (\$24,059,329), which represents -9.8% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$30,339,950.

FISCAL YEAR 2028 FORECAST

The financial forecast for FY 2028 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2028 projects accrued revenue of \$1,426,607,285 and incurred plan expenses of \$1,484,006,169 to produce a fiscal year deficit of (\$57,398,884). The PEIA local and state agencies Pay Go premiums for FY 2028 are assumed to be \$0.

Under the Baseline Scenario, FY 2028 is projected to end with a Total Fund reserve (State and Local Reserves) of (\$70,981,226) and projected plan expenditures of \$1,484,006,169. This represents -4.8% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$182,586,822. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending Total Fund reserve is expected to increase to \$133,622,230 and under the Pessimistic Scenario, the ending Total Fund reserve is expected to decrease to (\$282,066,628).

The State Fund in FY 2028 is projected to end with a reserve of (\$32,900,180), which represents -2.7% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$148,435,851.

The Local Fund in FY 2028 is projected to end with a reserve of (\$38,081,046), which represents -13.8% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$34,150,970.

FISCAL YEAR 2029 FORECAST

The financial forecast for FY 2029 under the Baseline scenario is presented in the Appendix. The Baseline forecast for FY 2029 projects accrued revenue of \$1,599,683,570 and incurred plan expenses of \$1,675,188,830 to produce a fiscal year deficit of (\$75,505,260). The PEIA local and state agencies Pay Go premiums for FY 2029 are assumed to be \$0.

Under the Baseline Scenario, FY 2029 is projected to end with a Total Fund reserve (State and Local Reserves) of (\$146,486,486) and projected plan expenditures of \$1,675,188,830. This represents -8.7% of projected expenditures based on the current reserve methodology. The projected reserve does not meet the minimum actuarial required reserve of \$206,336,579. This required reserve is comprised of 12.5% of self-insured claim expenses, and 10% of all other program expenses under the Baseline Scenario. Under the Optimistic Scenario, the ending Total Fund reserve is expected to increase to \$200,401,399 and under the Pessimistic Scenario, the ending Total Fund reserve is expected to decrease to (\$508,883,057).

The State Fund in FY 2029 is projected to end with a reserve of (\$81,935,765), which represents -6.0% of projected expenditures. The projected State Fund reserve does not meet the minimum actuarial required reserve of \$167,685,108.

The Local Fund in FY 2029 is projected to end with a reserve of (\$64,550,721), which represents -20.7% of projected expenditures. The projected Local Fund reserve does not meet the minimum actuarial required reserve of \$38,651,471.

LITIGATION

The forecasts presented in the attached tables do not contemplate any additional revenues or expenses to be generated from litigation activities.

SUMMARY

With projected changes to the plan as adopted by the PEIA Finance Board, we are forecasting that the plan will not meet the minimum 10% reserve target set by West Virginia Statute in fiscal year 2024. Additionally, the plan will not meet the minimum actuarial required reserve target in fiscal year 2024. We are currently projecting that the State reserve will be under the minimum actuarial reserve using the baseline assumptions in fiscal years 2024 through 2029; and the Local reserve will be under the minimum actuarial reserve using the baseline assumptions in fiscal years 2024 through 2029. These projections are based on significant revenue increases as contained in the financial plan adopted by the Board in December 2023 and are contingent on legislative approval.

These forecasts are based on assumptions including the estimated cost and savings of plan changes, expected trend levels and exposure levels. The continued enrollment changes of the managed care options, changes in physician, ambulatory and hospital provider reimbursement, possible changes in methodology of managed care premium calculation, and changes in the prescription drugs program, can be expected to further exacerbate the difficulty of projecting future medical and drugs claim levels and lags. These projections do not incorporate any anticipated effects of national or state health care reform, such as universal health insurance initiatives and Medicaid reform. As such, actual results deviating from those amounts projected in these pages should not be unexpected. With the legislatively mandated requirement of a five-year projection, it should be assumed that constant modifications would be required.
