What to expect after you enroll

Enrollment confirmation

You'll receive a letter from Humana once the Centers for Medicare & Medicaid Services (CMS) confirms your enrollment.

Humana member ID card

Your Humana member ID card will arrive in the mail shortly after you enroll.

Evidence of Coverage (EOC)

This detailed booklet about your healthcare coverage with your plan will arrive in the mail. This will also include your privacy notice.

Take your Medicare Health Assessment

CMS requires Humana to ask new members to complete a health survey within their first few months of enrollment.

It's nine simple questions about your health. Your answers will help us guide you to tools and resources available to help you reach your health goals. The information you provide will not affect your plan premiums or benefits.

Once you have received your Humana member ID card or after your plan is effective, you can call our automated voice service anytime to take this survey at 1-888-445-3389 (TTY: 711). When you call, you'll be asked to provide your eight-digit member ID number located on the front of your Humana member ID card, so have your ID card handy.

We're here for you!

Welcome to Humana Group Medicare

Choose an item.

Dear West Virginia PEIA Retiree,

We're excited that PEIA is offering you a Medicare Advantage and Prescription Drug Plan that gives you more benefits than Original Medicare.

At Humana, helping you achieve lifelong well-being is our mission. During our over 30 years of experience with Medicare, we've learned how to be a better partner in health.

Get to know your plan

Review the enclosed materials. This packet includes information on your Group Medicare healthcare option along with extra services Humana provides.

- If you have questions about your premium, please call your benefits administrator at 1-888-680-7342 (TTY: 711), Monday – Friday, 8 a.m. – 4:30 p.m., Eastern time.

Next steps

- Two plans are available through Humana for 2022. The plans options are the Humana/PEIA Plan 1 and Humana/PEIA Plan 2 options. Please review the Summary of Benefits for each plan carefully and decide which plan best suits your coverage needs. If no plan is selected, you will automatically be placed in the Humana/PEIA Plan 1 for 2022
- Please refer to the Important Information about Enrollment document in this enrollment packet for additional details regarding how and when PEIA needs to be informed of your decision and other information you will need to know about enrollment.
- Member Information Page - <https://our.humana.com/wvpeia/>
 - You will also be able to view the 2022 Prescription Drug Guide, Evidence of Coverage, and additional Open Enrollment information once available.
- **Missing Information** – If you have not provided PEIA a residential address (not P.O. Box) and/or your Medicare MBI number, it is necessary to do so. For your convenience, enclosed in this packet is a form and a return envelope to provide this information to PEIA.

What if I have Veteran's Administration (VA) Benefits?

Due to Federal regulations, the VA facilities are unable to bill Humana directly for medical services.

For Medical Claims

- If you receive VA benefits, you should send a copy of the medical bills you receive from the VA to Humana for reimbursement. You will be reimbursed up to 100% of the Medicare allowable rate for outpatient services from your VA claim.

- When sending paper claims, please make sure to include your name and member ID number from your Humana ID card. All medical claims must be mailed to the Lexington, Kentucky medical claims address which will be listed on the back of your Humana ID card.

For Pharmacy Claims

- Your prescription drug coverage does not coordinate benefits between the Humana Medicare Employer PPO Plan and the VA. Members must use one or the other.

We look forward to serving you now and for many years to come.

Sincerely,
Group Medicare Operations

We're here for you

Important Enrollment Information

West Virginia Public Employees Insurance Agency (PEIA) is offering you the choice between two Humana Medicare Employer Preferred Provider Organization (PPO) Plans for 2022.

If you would like to be enrolled in the Humana/PEIA Plan 1 option, you do not need to do anything to be automatically enrolled in this Medicare health plan.

If you do not want to join this plan or would like to select the Humana/PEIA Plan 2 option, you can follow the instructions below. You must do this by October 31, 2021. **Enrollment in this plan will cancel your enrollment in a different Medicare Advantage or a Medicare Prescription Drug (Part D) plan.**

What do I need to know as a member of the Humana Group Medicare PPO plan?

This mailing includes important information about the Humana/PEIA Plan1 and Humana/PEIA Plan 2 Humana Medicare Employer PPO Plan options being offered this year, including a Summary of Benefits document for both plans. Please review this information carefully.

Once enrolled, you will receive an Evidence of Coverage document (also known as a member contract or subscriber agreement) from the Humana Group Medicare PPO plan. Please read the document to learn about the plan's coverage and services. As a member of the Humana Group Medicare PPO plan, you can appeal plan decisions about payment or services if you disagree. Enrollment in this plan is generally for the entire year.

When your Humana Group Medicare PPO plan begins, Humana will cover all medically necessary items and services, even if you get the services out of network. However, your member cost share may be lower if you use in-network providers. "In-network" means that your doctor or provider is on our list of participating providers. "Out-of-network" means that you are using someone who isn't on this list. The exception is for emergency care, out of area dialysis services, or urgently needed services.

You must use network pharmacies to access Humana benefits, except under limited, non-routine circumstances when you can't reasonably use network pharmacies.

You must keep Medicare Parts A and B as the Humana Group Medicare plan is a Medicare Advantage plan. **You must also continue to pay your Part B premium. If you are assessed a Part D-Income Related Monthly Adjustment Amount (Part D-IRMAA), you will be notified by the Social Security Administration. You will be responsible for paying this extra amount in addition to your plan premium.**

You can enroll in only one Medicare Advantage plan at a time. You must let us know if you think you might be enrolled in a different Medicare Advantage plan or a Medicare prescription drug plan and inform us of any prescription drug coverage that you may get in the future.

What happens if I don't join the Humana Group Medicare PPO plan?

You aren't required to be enrolled in this plan. The Humana Medicare Employer PPO plan is the only Medicare plan offered by PEIA. If you decline coverage with this Medicare plan offered through PEIA, you will have no health or pharmacy prescription drug benefits from PEIA.

If you don't want to enroll or have enrollment questions, **you will need to contact PEIA's Customer Service unit at 1-888-680-7342, Monday -Friday between 8 a.m. and 4:30 p.m.,**

Eastern time. You will be asked to complete a Change in Status form to drop your PEIA health coverage.

If you choose to join a different Medicare plan, you can contact **1-800-MEDICARE** anytime, 24 hours a day, 7 days a week, for help in learning how. TTY users can call **1-877-486-2048**. Your state may have counseling services through the State Health Insurance Assistance Program (SHIP). They can provide you with personalized counseling and assistance when selecting a plan, including Medicare Supplement plans, Medicare Advantage plans and prescription drug plans. They can also help you find medical assistance through your state Medicaid program and the Medicare Savings Program.

If you want to enroll in the Humana/PEIA Plan 2 option, you can call PEIA at 1-877-676-5573 to request a Humana/PEIA Plan 2 Open Enrollment form. You can also choose your option by following the instructions that PEIA sent you in a separate mailing. If you would like the Humana/PEIA Plan 2 option, you are required to inform PEIA of your decision for 2022 by October 31, 2021. If you do not inform PEIA by that date, you will automatically be enrolled in the Humana/PEIA Plan 1 option.

What if I want to leave the Humana Group Medicare PPO plan?

You can change or cancel your Humana coverage at any time and return to Original Medicare or another Medicare Advantage plan by using a special election. **You can send a request to the Humana Group Medicare plan. You must also contact your benefit administrator as there could be other benefits impacted. You can also call 1-800-MEDICARE anytime, 24 hours a day, 7 days a week. TTY users can call 1-877-486-2048.**

What happens if I move?

The Humana Group Medicare PPO plan serves a specific service area. **If you move to another area or state, it may affect your plan.** It's important to contact your group benefits administrator and call to notify Humana of the new address and phone number. You can call Humana Group Medicare Customer Care at 1-800-783-4599 (**TTY: 711**), Monday – Friday, 8 a.m. – 9 p.m., Eastern time.

Remember that if you leave this plan and don't have creditable prescription drug coverage (as good as Medicare's prescription drug coverage), you may have to pay a late enrollment penalty if you enroll in Medicare prescription drug coverage in the future.

Release of Information

By joining this Medicare Advantage plan, you give us permission to share your information with Medicare and other plans when needed for treatment, payment and health care operations. We do this to make sure you get the best treatment and to make sure that it is covered by the plan. Medicare may also use this information for research and other reasons allowed by Federal law.

Prescription Drug Summary of Benefits

**Humana Group Medicare Advantage Plan
Rx 125 and 126**

**West Virginia PEIA
Humana/PEIA Plan 1**

Humana®

This page is left intentionally blank.

Let's talk about the **Humana Group Medicare Advantage Rx Plan.**

Find out more about the Humana Group Medicare Advantage Rx plan – including the services it covers – in this easy-to-use guide.

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. For a complete list of services we cover, refer to the "Evidence of Coverage".

Deductible

Pharmacy (Part D) deductible

This plan has a **\$75** deductible.

Prescription Drug Benefits

Initial coverage (after you pay your deductible, if applicable)

You pay the following until your total yearly drug costs reach **\$4,430**. Total yearly drug costs are the total drug costs paid by both you and our Part D plan. After your Maximum out-of-pocket drug costs reach **\$1,825**, Humana pays **100%** of your total drug costs.

Tier	Standard Retail Pharmacy	Standard Mail Order
30-day supply		
1 (Generic or Preferred Generic)	\$5 copay	\$5 copay
2 (Preferred Brand)	\$15 copay	\$15 copay
3 (Non-Preferred Drug)	50% of the cost	50% of the cost
4 (Specialty Tier)	\$100 copay	\$100 copay
90-day supply (Maintenance Drugs)		
1 (Generic or Preferred Generic)	\$10 copay	\$10 copay
2 (Preferred Brand)	\$30 copay	\$30 copay
3 (Non-Preferred Drug)	50% of the cost	50% of the cost
4 (Specialty Tier)	N/A	N/A

Some Immunosuppressive Drugs are covered at **100% for all members.

There may be generic and brand-name drugs, as well as Medicare-covered drugs, in each of the tiers. To identify commonly prescribed drugs in each tier, see the Prescription Drug Guide/Formulary.

ADDITIONAL DRUG COVERAGE

Original Medicare excluded drugs

Certain drugs excluded by Original Medicare are covered under this plan. You pay the cost share associated with the tier level for certain WV Buy-up, Cough/Cold, Vitamins/Minerals, Erectile Dysfunction drugs. The amount you pay when you fill a prescription for these drugs does not count towards qualifying you for the Catastrophic Coverage stage. Contact Humana Group Medicare Customer Care at the phone number on the back of your membership card for more details.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$4,430**. After you enter the coverage gap, you pay a portion of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **\$7,050**, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,050**, you pay the greater of:

- **\$3.95** for generic (including brand drugs treated as generic) and a **\$9.85** copay for all other drugs, or
- **5%** coinsurance (**\$100** maximum out-of-pocket per prescription for a one-month supply) regardless of tier.

PEIA Retiree Benefit Assistance Program

The PEIA retiree benefit assistance program offers qualified retirees reduced copayment on certain services. If PEIA determines you qualify for this assistance, the copayments for the services listed below will apply. For services not listed here, the copayments on the previous pages will apply. For more information regarding qualifications, please contact PEIA.

Original Medicare excluded drugs

Certain drugs excluded by Original Medicare are covered under this plan. You pay the cost share associated with the tier level for certain WV Buy-up, Cough/Cold, Vitamins/Minerals, Erectile Dysfunction drugs. The amount you pay when you fill a prescription for these drugs does not count towards qualifying you for the Catastrophic Coverage stage. Contact Humana Group Medicare Customer Care at the phone number on the back of your membership card for more details.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$4,430**. After you enter the coverage gap, you pay a portion of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **\$7,050**, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,050**, you pay the greater of:

- **\$3.95** for generic (including brand drugs treated as generic) and a **\$9.85** copay for all other drugs, or
- **5%** coinsurance (**\$100** maximum out-of-pocket per prescription for a one-month supply) regardless of tier.

Group Medicare Advantage Guidebook

Preferred provider organization (PPO) plan

At Humana, we know that people are different, and need our support in different ways. Your Group Medicare Advantage PPO plan will center around you, your health and your goals.

This guidebook doesn't list every service, limitation and exclusion in the plan. After you enroll, we'll mail you an Evidence of Coverage booklet that will have all the plan information and details, including a full list of benefits.

Humana®

Discover a more human way to healthcare

Coverage that fits the way you live

When you become a member of the Humana family, you can expect healthcare designed with you in mind—that meets you where you are today and delivers care that takes you to where you want to be.

Care delivered how and where you need it

We can help you manage complex or chronic health conditions. A Humana nurse can meet you at home, in the hospital, by phone or email to provide valuable support and help you reduce complications.

Benefits that put you first

Our health and well-being tools and resources make it easy to set health goals, chart your progress, strengthen your mind and body and build connections with others. It's about giving you the things you expect from an insurance company—and then finding more ways to help make your life better.

Humana offers you a Medicare Advantage PPO

A PPO offers

- All the benefits of Original Medicare, plus extra benefits
- Maximum out-of-pocket protections
- Worldwide emergency coverage
- Programs to help improve health and well-being

Dedicated team and more

- Your benefit levels are the same for in-network and out-of-network providers
- Large network of providers, specialists and hospitals to pick from
- You don't need a referral to see any healthcare provider
- Coverage for office visits, including routine physical exams
- Almost no claim forms to fill out or mail—we take care of that for you
- Dedicated Customer Care specialists who serve only our Group Medicare members

What is Medicare?

Medicare is a federal health insurance program for U.S. citizens and legal residents who are 65 and older or qualify due to a disability. You must be entitled to Medicare Part A and enrolled in Medicare Part B as the Humana Group Medicare PPO plan is a Medicare Advantage plan. You must also continue paying Medicare Part B premiums to remain enrolled in this plan.

A

Medicare Part A

HOSPITAL INSURANCE

It helps cover medically necessary inpatient care in a hospital or skilled nursing facility. It also helps cover some home healthcare and hospice care.

B

Medicare Part B

MEDICAL INSURANCE

It helps cover medically necessary providers' services, outpatient care and other medical services and supplies. Part B also helps cover some preventive services.

C

Medicare Part C

MEDICARE ADVANTAGE PLANS

These are available through private insurance companies, such as Humana. Medicare Part C helps cover everything medically necessary that Part A and Part B cover, including hospital and medical services. You still have Medicare if you elect Medicare Part C coverage. You must be entitled to Medicare Part A and enrolled in Part B to be eligible for a Medicare Part C plan.

D

Medicare Part D

PRESCRIPTION DRUG COVERAGE

It helps pay for the medications your provider prescribes and is available in a stand-alone prescription drug plan. Like Part C Medicare Advantage plans, Part D is only available through private companies, such as Humana. Many Part C Medicare Advantage plans include Medicare Part D prescription drug coverage.

PROVIDER RELATIONSHIPS

Build healthy provider relationships

Your relationship with your provider is important in protecting and managing your health. With the Humana Group Medicare PPO plan, you can use any provider who accepts Medicare and agrees to bill Humana. Your benefit plan coverage remains the same, even if you receive care from an out-of-network provider. Refer to your Summary of Benefits in this packet for more information.

Why choose a Humana network provider?

- Humana Medicare PPO network providers must take payment from Humana for treating plan members.
- Network providers coordinate with Humana, which makes it easier to share information. Patients may have a better experience when providers share information this way.
- Humana supplies in-network providers with information about services and programs available to patients with chronic conditions.

Is your healthcare provider in Humana's provider network?

Humana respects your relationship with your provider. We want you to be able to select a provider who's close to home and who can focus on your specific needs. If you need help finding a provider, call our Group Medicare Customer Care team or use our online directory. Humana's online provider lookup is an easy way to find doctors, hospitals and other healthcare providers in Humana's network:

- Go to **Humana.com** and select "Find a doctor"
- Get provider phone numbers, addresses and directions
- Customize your search by specialty, location and name

Medical preauthorization

For certain services and procedures, your provider or hospital may need to get advance approval from Humana before your plan will cover any costs. This is called prior authorization or preauthorization. Providers or hospitals will submit the preauthorization request to Humana. If your provider hasn't done this, please call our Customer Care team, as Humana may not be able to pay for these services.

Connect with a provider virtually

Care when you need it

Your primary care provider may offer virtual visits as another convenient way to be treated by your care team.

What are virtual visits?

Virtual visits connect you with your provider via telephone or video chat using your phone, tablet or computer.* They may allow you to get help with chronic condition management, follow-up care after an in-office visit, medication reviews and refills and much more, just like an in-office visit.

When should I use it?

- For a nonemergency issue, instead of going to the emergency room (ER) or an urgent care center.
- For nonemergency mental and behavioral health conditions a behavioral health specialist may offer virtual visits.

What kinds of conditions can be treated?

Providers may help with chronic condition management, follow-up care after an in-office visit, medication reviews and refills in addition to many other conditions including but not limited to: allergies, fever, cold and flu symptoms, sore throat, constipation, sinus infection, diarrhea, insect bites and depression, anxiety, stress and family and relationship counseling.

Call your provider to find out if they offer virtual visits and if so, what you need to do to get started.

If you don't have a primary care provider or if your PCP doesn't offer virtual visits, you can use the "Find a doctor" tool on **Humana.com** or call the number on the back of your member ID card to get connected with a provider that offers this service.

Remember, when you have a life-threatening injury or major trauma, call 911.

Limitations on telehealth services, also referred to as virtual visits or telemedicine, vary by state. These services are not a substitute for emergency care and are not intended to replace your primary care provider or other providers in your network. Any descriptions of when to use telehealth services are for informational purposes only and should not be construed as medical advice. Please refer to your Evidence of Coverage for additional details on what your plan may cover or other rules that may apply.

Vaccines: Where you get them determines how much you pay

Get vaccines like the ones listed below at your provider's office

The Medicare Part B portion of your plan pays for the following vaccines at your provider's office and at the pharmacy:

- Influenza (flu) vaccine—once per season
- Pneumococcal vaccines
- Hepatitis B vaccines for persons at increased risk of hepatitis
- Vaccines directly related to the treatment of an injury or direct exposure to a disease or condition, such as rabies and tetanus

Let your pharmacist know to use **BIN 610649** and **PCN 03200004** when filling your prescription for items covered under Part B.

Understanding your diabetes coverage

At Humana, we make it easy for you to understand your benefits and get what you need to help manage your condition.

Diabetes prescriptions and supplies, Part B vs. Part D

Medicare Part B

- Diabetic testing supplies
- Insulin pumps*
- Continuous glucose monitors (CGM)*
- Insulin administered (or used) in insulin pumps

Medicare Part D

- Diabetes medications
- Insulin administered (or used) with syringes or pens
- Syringes, pen needles or other insulin administration devices that are not durable medical equipment (e.g., Omnipod* or VGO)

Let your pharmacist know to use **BIN 610649** and **PCN 03200004** when filling your prescription for items covered under Part B.

Diabetic testing supplies

Your Humana Medicare Advantage Plan helps cover a variety of diabetic glucose testing supplies. Humana Pharmacy® is the preferred supplier for the meters listed below and their test strips and lancets:

Have questions?

If you need help along the way, select the green “Chat with Us” button or call Customer Care at the number on the back of your Humana member ID card.

Making sure your helpers can help you—so you can focus on living your life

Choose a caregiver to help you

Everyone needs a little help now and then. We're happy to work with you and whomever you designate as a helper. Many people trust a family member or close friend to help them with their healthcare—someone who may help you talk with us about your insurance plan, keep track of your benefits and claims, or ask healthcare questions on your behalf.

Visit [Humana.com/caregiver](https://www.humana.com/caregiver) to learn more about naming a caregiver and how to submit the Consent for Release of Protected Health Information (PHI) form.

Consent forms

We need your permission to share your personal information with someone else. To give your permission, you'll need to read and sign a consent form.

Consent return

- After you complete and sign the form, fax it to **1-800-633-8188**.
- If you prefer to mail your completed form, mail to:
Humana Insurance Company, P.O. Box 14168, Lexington, KY 40512-4168

A signed consent form allows insurers to share health plan information and protected health information with your designated helper. It's different from granting medical power of attorney, which allows someone to make decisions about your care.

Your personalized benefits statement

We make it easy for you to understand, track, manage and possibly save money on your healthcare with SmartSummary®

You'll receive this statement after each month you've had a claim. You can also sign in to MyHumana and see your past SmartSummary statements anytime.

SmartSummary helps you:

- Understand your total healthcare picture
- Manage your monthly and yearly healthcare costs
- Engage with your providers by having a list of the healthcare services you receive
- Learn about preventive care, health conditions, treatment options and ways to help reduce health expenses

FREQUENTLY ASKED QUESTIONS

Do I need to show my red, white and blue Medicare card when I visit the doctor?

No. You'll get a Humana member ID card that will take its place. Keep your Medicare ID card in a safe place—or use it only when it's needed for discounts and other offers from retailers.

What should I do if I move or have a temporary address change?

If you move to another area or state, it may affect your plan. It's important to contact your group benefits administrator for details and call to notify Humana of the move.

What should I do if I have to file a claim?

Call Humana Group Medicare Customer Care for more information and assistance. To request reimbursement for a charge you paid for a service, send the provider's itemized receipt and the Health Benefits Claim Form (also available at [Humana.com](https://www.humana.com)) to the claims address on the back of your Humana member ID card. Make sure the receipt includes your name and Humana member ID number.

What if I have other health insurance coverage?

If you have other health insurance, show your Humana member ID card and your other insurance cards when you see a healthcare provider. The Humana Group Medicare plan may be eligible in combination with other types of health insurance coverage you may have. This is called coordination of benefits. Please notify Humana if you have any other medical coverage.

When does my coverage begin?

Your former employer or union decides how and when you enroll. Check with your benefits administrator for the proposed effective date of your enrollment. Be sure to keep your current healthcare coverage until your Humana Group Medicare PPO plan enrollment is confirmed.

What if my service needs a prior authorization?

If your medical service or medication requires a prior authorization, your provider can contact Humana to request it. You can call Customer Care if you have questions regarding what medical services and medications require prior authorization.

What if my provider says they will not accept my plan?

If your provider says they will not accept your PPO plan, you can give your provider the "Group Medicare Provider Information" flyer. It explains how your PPO plan works. You can also call Customer Care and have a Humana representative contact your provider and explain how your PPO plan works.

MEDICAL INSURANCE TERMS AND DEFINITIONS

Coinsurance

Your share of the cost after deductible

A percentage of your medical and drug costs that you may pay out of your pocket for services after you pay any plan deductible.

Copayment

What you pay at the provider's office for medical services

The set dollar amount you pay when you receive medical services or have a prescription filled.

Deductible

What you pay up front

The amount you pay for healthcare before your plan begins to pay for your benefits.

Exclusions and limitations

Anything not covered or covered under limited situations or conditions

Specific conditions or circumstances that aren't covered under a plan.

Maximum out-of-pocket

The most you'll spend before your plan pays 100% of the cost

The most you would have to pay for services covered by a health plan, including deductibles, copays and coinsurance. If and when you reach your annual out-of-pocket limit, the Humana Group Medicare plan pays 100% of the Medicare-approved amount for most covered medical charges.

Network

Your plan's contracted medical providers

A group of healthcare providers contracted to provide medical services at discounted rates. The providers include doctors, hospitals and other healthcare professionals and facilities.

Plan discount

A way Humana helps you save money

Amount you are not responsible for due to Humana's negotiated rate with provider.

Premium

The regular monthly payment for your plan

The amount you and/or your employer regularly pay for Medicare or Medicare Advantage coverage.

to healthcare™

Only for Humana members

A fun way to earn rewards for making healthier choices

Welcome to Go365 by Humana®, the wellness program that rewards you for completing eligible healthy activities.

It's part of your Humana Medicare Advantage plan

Go365 by Humana makes wellness fun and easy. We can help you reach your physical and emotional health goals. Track your activity and redeem rewards:

- online, at [MyHumana.com](https://myhumana.com)
- by filling out and mailing in paper forms

Staying connected socially is important to your overall health and well-being. Social and cognitive activities can help contribute to better long-term mental health, and may help ward off dementia and depression.¹

Earn rewards you can redeem for gift cards

More healthy activities = more gift cards for you

Complete eligible healthy activities like walking, getting your Annual Wellness Visit or volunteering and you can earn rewards to redeem for gift cards. Once you've earned at least \$10 in rewards, choose your gift cards in the Go365 Mall.

Activate your Go365 Profile

Now it's time to get going with Go365

If you have a MyHumana account, you can use the same information to log in to Go365.com. If not, activate your profile at MyHumana.com. Once you log into Go365, you'll see eligible activities you can complete to earn rewards and details on how to track your actions.

Track your exercise program the easy way

Earn \$5 in rewards a month for completing 8 workouts, or \$10 in rewards for completing 16 workouts. Here are three easy ways to track and earn:

- 1. Attend a participating SilverSneakers® Fitness class** to earn rewards automatically if your plan includes SilverSneakers. Your reward may take up to 45 days to show up in your Go365 account.
- 2. Log your workouts online** in your Go365 account or use a paper workout tracker to record your exercise. Eligible activities include taking a fitness class or exercising on your own - it just needs to be a min. of 500 steps.
- 3. Connect a compatible activity tracker to Go365**, then log at least 500 steps a day and earn automatic rewards for device workouts.

Go365 is compatible with activity trackers from a variety of manufacturers like Fitbit and Garmin. For a full list, sign in to your Go365 account.

Take this to your provider

Having a provider you're happy with can play an important role in your health and meeting your needs.

What if my doctor says they do not accept Humana insurance?

Give this flyer to your provider.

Once you are a member of the Humana Group Medicare Preferred Provider Organization (PPO) plan, sharing this information can help your provider understand how this plan works.

Don't forget to take your Humana member ID card to your first appointment as well.

A message for your provider

Humana will provide coverage for this retiree under a Group Medicare PPO plan. This member's in-network and out-of-network benefits are the same. This means you can provide services to this retiree or any member of this plan if you are a provider who is eligible to participate in Medicare.

Contracted healthcare providers – If you're a Humana Medicare Employer PPO-contracted healthcare provider, you'll receive your contracted rate.

Out-of-network healthcare providers – Humana is dedicated to an easy transition. If you're a provider who is eligible to participate in Medicare, you can treat and receive payment for your Humana-covered patients who have this plan. Humana pays providers according to the Original Medicare fee schedule less any member plan responsibility.

If you need more information about our claims processes or about becoming a Humana Medicare Employer PPO-contracted provider, call Provider Relations at **1-800-626-2741**, Monday – Friday, 8 a.m. – 5 p.m., Central time.

NOTE: This number is not for patient use. Patients, please call the Group Medicare Customer Care number on the back of your Humana member ID card.

The in-network and out-of-network benefits are structured the same for any member of this plan.

Connect with a provider virtually

Care when you need it

Your primary care provider may offer virtual visits as another convenient way to be treated by your care team.

What are virtual visits?

Virtual visits connect you with your provider via telephone or video chat using your phone, tablet or computer.* They may allow you to get help with chronic condition management, follow-up care after an in-office visit, medication reviews and refills and much more, just like an in-office visit.

When should I use it?

- For a nonemergency issue, instead of going to the emergency room (ER) or an urgent care center.
- For nonemergency mental and behavioral health conditions a behavioral health specialist may offer virtual visits.

What kinds of conditions can be treated?

Providers may help with chronic condition management, follow-up care after an in-office visit, medication reviews and refills in addition to many other conditions including but not limited to: allergies, fever, cold and flu symptoms, sore throat, constipation, sinus infection, diarrhea, insect bites and depression, anxiety, stress and family and relationship counseling.

Humana[®]

Call your provider to find out if they offer virtual visits and if so, what you need to do to get started.

If you don't have a primary care provider or if your PCP doesn't offer virtual visits, you can use the "Find a doctor" tool on [Humana.com](https://www.humana.com) or call the number on the back of your member ID card to get connected with a provider that offers this service.

Remember, when you have a life-threatening injury or major trauma, call 911.

*Standard data rates may apply.

Limitations on telehealth services, also referred to as virtual visits or telemedicine, vary by state. These services are not a substitute for emergency care and are not intended to replace your primary care provider or other providers in your network. Any descriptions of when to use telehealth services are for informational purposes only and should not be construed as medical advice. Please refer to your Evidence of Coverage for additional details on what your plan may cover or other rules that may apply.

Important!

At Humana, it is important you are treated fairly.

What you should know about COVID-19 vaccines

SIDE EFFECTS ARE NORMAL

You may experience some or none at all. Side effects are just an indication that your body is working to build protection against the virus. These side effects may occur within a day or two of getting the vaccine and should go away within a few days.

Here's what you may experience:

On the arm where you got the shot

- Pain
- Redness
- Swelling

Throughout the rest of your body

- Tiredness
- Chills
- Headache
- Fever
- Muscle pain
- Nausea

YOU NEED TO KEEP PROTECTING YOURSELF

Until you're fully vaccinated, continue to practice the 3 Ws when out in public:

Wear a mask

Watch your distance

Wash hands frequently

HOW LONG UNTIL YOU'RE FULLY VACCINATED

You're not fully vaccinated until two weeks after your second dose of the Pfizer/BioNTech or Moderna COVID-19 vaccines, and two weeks after the single-dose Johnson & Johnson COVID-19 vaccine.

Once you're fully vaccinated, here's some of what you can do

Resume pre-pandemic activities without wearing a mask or physically distancing, except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance. The CDC recommends continued observance of travel protocols and, if you have symptoms of COVID-19, testing and staying at home or away from others.

For the latest guidelines from the CDC, please visit:
www.cdc.gov/coronavirus/2019-ncov/vaccines.

This material is provided for informational use only and should not be construed as medical, legal, financial, or other professional advice or used in place of consulting a licensed professional. You should consult with an applicable licensed professional to determine what is right for you.

THE VACCINES ARE SAFE AND EFFECTIVE

Vaccines have undergone extensive and rigorous testing prior to FDA authorization. Per the CDC, "The U.S. vaccine safety system ensures that all vaccines are as safe as possible."

The Pfizer/BioNTech, Moderna and Johnson & Johnson clinical trials showed the vaccines are **over 99% effective at preventing hospitalizations and deaths.**¹

The CDC recommends you get the vaccine even if you have already had COVID-19 and recovered.²

Humana Medicare Employer Plan Abbreviated Formulary

Partial list of covered drugs

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT SOME OF THE DRUGS WE COVER IN THIS PLAN.

11

This abridged formulary was updated on 09/01/2021 and is not a complete list of drugs covered by our plan. For a complete listing, or other questions, please contact Humana Medicare Employer Plan with any questions at the number on the back of your membership card or for TTY users, 711, Monday through Friday, from 8 a.m. - 9 p.m. Eastern time. Our automated phone system is available after hours, weekends, and holidays. Our website is also available 24 hours a day 7 days a week by visiting **Humana.com**.

Instructions for getting information about all covered drugs are inside.

Humana[®]

Welcome to The Humana Medicare Employer Plan!

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. When this drug list (formulary) refers to "we," "us", or "our," it means Humana. When it refers to "plan" or "our plan," it means the Humana Medicare Employer Plan. This document includes a partial list of the drugs (formulary) for our plan which is current as of January 1, 2022. For a complete, updated formulary, please contact us on our website at [Humana.com/PlanDocuments](https://www.humana.com/PlanDocuments) or you can call the number below to request a paper copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1 of each year, and from time to time during the year.

What is the abridged Humana Medicare Employer formulary?

A formulary is the entire list of covered drugs or medicines selected by the Humana Medicare Employer Plan. The terms formulary and Drug List may be used interchangeably throughout communications regarding changes to your pharmacy benefits. The Humana Medicare Employer Plan worked with a team of doctors and pharmacists to make a formulary that represents the prescription drugs we think you need for a quality treatment program. The Humana Medicare Employer Plan will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a Humana Medicare Employer Plan network pharmacy, and other plan rules are followed. For more information on how to fill your medicines, please review your Evidence of Coverage.

This document is a partial formulary, which means it includes only some of the drugs covered by the Humana Medicare Employer Plan. To search the complete list of all prescription drugs Humana covers, you can visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist). The Drug List Search tool lets you search for your drug by name or drug type.

If you are thinking about enrolling in a Humana Medicare Employer Plan and need help or a complete list of covered drugs, please contact Group Medicare Customer Care number listed in your enrollment materials. If you are a current member, call the number or visit the website listed in your Annual Notice of Change (ANOC) or Evidence of Coverage (EOC), or call the number on the back of your Humana member identification card. Our live representatives are available from 8 a.m. to 9 p.m. (EST), Monday through Friday. Our automated phone system is available after hours, weekends, and holidays.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled "How do I request an exception to the Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

We will notify members who are affected by the following changes to the formulary:

- When a drug is removed from the formulary
- When prior authorization, quantity limits, or step-therapy restrictions are added to a drug or made more restrictive
- When a drug is moved to a higher cost sharing tier

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled "How do I request an exception to the Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2022 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2022 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

What if you are affected by a Drug List change?

We will notify you by mail at least 30 days before one of these changes happens or we will provide a 30-day refill of the affected medicine with notice of the change.

The enclosed formulary is current as of January 1, 2022. We will update the printed formularies each month and they will be available on [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist).

To get updated information about the drugs that Humana covers, please visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist). The Drug List Search tool lets you search for your drug by name or drug type.

How do I use the formulary?

There are two ways to find your drug in the formulary:

Medical condition

The formulary starts on page 10. We have put the drugs into groups depending on the type of medical conditions that they are used to treat. For example, drugs that treat a heart condition are listed under the category "Cardiovascular Agents." If you know what medical condition your drug is used for, look for the category name in the list that begins on page 10. Then look under the category name for your drug. The formulary also lists the Tier and Utilization Management Requirements for each drug (see page 5 for more information on Utilization Management Requirements).

Alphabetical listing

If you are not sure about your drug's group, you should look for your drug in the Index that begins on page 36. The Index is an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Look in the Index to search for your drug. Next to each drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of the drug in the first column of the list.

Prescription drugs are grouped into one of four tiers.

The Humana Medicare Employer Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

- **Tier 1 - Generic or Preferred Generic:** Generic or brand drugs that are available at the lowest cost share for the plan
- **Tier 2 - Preferred Brand:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 1 Generic or Preferred Generic, and at a lower cost to you than Tier 3 Non-Preferred Drug
- **Tier 3 - Non-Preferred Drug:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 2 Preferred Brand drug
- **Tier 4 - Specialty Tier:** Some injectables and other high-cost drugs

How much will I pay for covered drugs?

The Humana Medicare Employer Plan pays part of the costs for your covered drugs and you pay part of the costs, too.

The amount of money you pay depends on:

- Which tier your drug is on
- Whether you fill your prescription at a network pharmacy
- Your current drug payment stage - please read your Evidence of Coverage (EOC) for more information

If you qualified for extra help with your drug costs, your costs may be different from those described above. Please refer to your Evidence of Coverage (EOC) or call Group Medicare Customer Care to find out what your costs are.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These are called Utilization Management Requirements. These requirements and limits may include:

- **Prior Authorization (PA):** The Humana Medicare Employer Plan requires you to get prior authorization for certain drugs to be covered under your plan. This means that you will need to get approval from the Humana Medicare Employer Plan before you fill your prescriptions. If you do not get approval, the Humana Medicare Employer Plan may not cover the drug.
- **Quantity Limits (QL):** For some drugs, the Humana Medicare Employer Plan limits the amount of the drug that is covered. The Humana Medicare Employer Plan might limit how many refills you can get or how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Some drugs are limited to a 30-day supply regardless of tier placement.
- **Step Therapy (ST):** In some cases, the Humana Medicare Employer Plan requires that you first try certain drugs to treat your medical condition before coverage is available for another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, the Humana Medicare Employer Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the Humana Medicare Employer Plan will then cover Drug B.
- **Part B versus Part D (B vs D):** Some drugs may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted to the Humana Medicare Employer Plan that describes the use and the place where you receive and take the drug so a determination can be made.

For drugs that need prior authorization or step therapy, or drugs that fall outside of quantity limits, your health care provider can fax information about your condition and need for those drugs to the Humana Medicare Employer Plan at **1-877-486-2621**. Representatives are available Monday - Friday, 8 a.m. - 8 p.m.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 10.

You can also visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist) to get more information about the restrictions applied to specific covered drugs.

You can ask the Humana Medicare Employer Plan to make an exception to these restrictions or limits. See the section "**How do I request an exception to the formulary?**" on page 6 for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this list of covered drugs, visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist) to see if your plan covers your drug. You can also call Group Medicare Customer Care and ask if your drug is covered.

If the Humana Medicare Employer Plan does not cover your drug, you have two options:

- You can ask Group Medicare Customer Care for a list of similar drugs that the Humana Medicare Employer Plan covers. Show the list to your doctor and ask him or her to prescribe a similar drug that is covered by the Humana Medicare Employer Plan.
- You can ask the Humana Medicare Employer Plan to make an exception and cover your drug. See below for information about how to request an exception.

Talk to your health care provider to decide if you should switch to another drug that is covered or if you should request a formulary exception so that it can be considered for coverage.

How do I request an exception to the formulary?

You can ask the Humana Medicare Employer Plan to make an exception to the coverage rules. There are several types of exceptions that you can ask to be made.

- **Formulary exception:** You can request that your drug be covered if it is not on the formulary. If approved, this drug will be covered at a pre-determined cost sharing level, and you would not be able to ask us to provide the drug at a lower cost sharing level.
- **Utilization restriction exception:** You can request coverage restrictions or limits not be applied to your drug. For example, if your drug has a quantity limit, you can ask for the limit not to be applied and to cover more doses of the drug.
- **Tier exception:** You can request a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred drug, you can request it to be covered as a preferred drug instead. This would lower how much money you must pay for your drug. Please remember a higher level of coverage cannot be requested for the drug if approval was granted to cover a drug that was not on the formulary. *You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier.*

Generally, the Humana Medicare Employer Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost sharing drug, or other restrictions would not be as effective in treating your health condition and/or would cause adverse medical effects.

You should contact us to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception.

When you ask for an exception, you should submit a statement from your health care provider that supports your request. This is called a supporting statement.

Generally, we must make the decision within 72 hours of receiving your health care provider's supporting statement. You can request a fast, or expedited, exception if you or your health care provider thinks your health would seriously suffer if you wait as long as 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your health care provider's supporting statement.

Will my plan cover my drugs if they are not on the formulary?

You may take drugs that your plan does not cover. Or you may talk to your provider about taking a different drug that your plan covers, but that drug might have a Utilization Management Requirement, such as a Prior

Authorization or Step Therapy, that keeps you from getting the drug right away. In certain cases, we may cover as much as a 30-day supply of your drug during the first 90 days you are a member of the plan.

Here is what we will do for each of your current Part D drugs that are not on the formulary, or if you have limited ability to get your drugs:

- We will temporarily cover a 30-day supply of your drug unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 30 days of a drug) when you go to a pharmacy.
- There will be no coverage for the drugs after your first 30-day supply, even if you have been a member of the plan for less than 90 days, unless a formulary exception has been approved.

If you are a resident of a long-term care facility and you take Part D drugs that are not on the formulary, we will cover a 31-day supply unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 31 days of a drug) during the first 90 days you are a member of our plan. We will cover a 31-day emergency supply of your drug unless you have a prescription for fewer days (in which we will allow multiple fills to provide up to a total of 31 days of a drug) while you request a formulary exception if:

- You need a drug that is not on the formulary *or*
- You have limited ability to get your drugs *and*
- You are past the first 90 days of membership in the plan

Throughout the plan year, your treatment setting (the place where you receive and take your medicine) may change. These changes include:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting
- Members who are admitted to a hospital or skilled-nursing facility from a home setting
- Members who transfer from one skilled-nursing facility to another and use a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage
- Members discharged from chronic psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, the Humana Medicare Employer Plan will cover as much as a 31-day temporary supply of a Part D-covered drug when you fill your prescription at a pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and receive approval for continued coverage of your drug. The Humana Medicare Employer Plan will review requests for continuation of therapy on a case-by-case basis understanding when you are on a stabilized drug regimen that, if changed, is known to have risks.

Transition extension

The Humana Medicare Employer Plan will consider on a case-by-case basis an extension of the transition period if your exception request or appeal has not been processed by the end of your initial transition period. We will continue to provide necessary drugs to you if your transition period is extended.

A Transition Policy is available on Humana's Medicare website, **Humana.com**, in the same area where the Prescription Drug Guides are displayed.

Mail order pharmacies make it easy to manage your prescriptions

You may fill your medicines at any network pharmacy, Humana Pharmacy – Humana's mail-delivery pharmacy is one option. To get started or learn more, visit **humanapharmacy.com**. You can also call Humana Pharmacy at **1-800-379-0092 (TTY: 711)** Monday – Friday, 8 a.m. to 11 p.m., and Saturday, 8 a.m. to 6:30 p.m.

Other pharmacies are available in our network.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**. You can also visit www.medicare.gov.

Humana Medicare Employer Plan Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by the Humana Medicare Employer Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 36.

Remember: This is only a partial list of drugs covered by Humana. If your prescription drug is not listed in this partial formulary, please visit our website at **Humana.com**. Our additional contact information is listed on the previous page.

Your Humana Medicare Employer plan has additional coverage of some drugs. These drugs are not normally covered under Medicare Part D and are not subject to the Medicare appeals process. These drugs are listed separately on page 33.

How to read your formulary

The first column of the chart lists categories of medical conditions in alphabetical order. The drug names are then listed in alphabetical order within each category. Brand-name drugs are CAPITALIZED and generic drugs are listed in lower-case italics. Next to the drug name or Utilization Management column, you may see an indicator to tell you about additional coverage information for that drug. You might see the following indicators:

MD - Maintenance drugs are prescriptions commonly used to treat conditions that are considered chronic or long-term. Members can receive quantities up to but not more than a 90-day supply of maintenance drugs and supplies.

DL - Dispensing Limit; Drugs that may be limited to a 30 day supply, regardless of tier placement.

MO - Drugs that are typically available through mail-order. Please contact your mail-order pharmacy to make sure your drug is available.

LA - Limited Access; The health plan has authorized certain pharmacies to dispense this medicine, as it requires extra handling, doctor coordination or patient education. Please call the number on the back of your ID card for additional information.

The second column lists the tier of the drug. See page 5 for more details on the drug tiers in your plan.

The third column shows the Utilization Management Requirements for the drug. The Humana Medicare Employer Plan may have special requirements for covering that drug. If the column is blank, then there are no utilization requirements for that drug. The supply for each drug is based on benefits and whether your health care provider prescribes a supply for 30, 60, or 90 days. The amount of any quantity limits will also be in this column (Example: "QL - 30 for 30 days" means you can only get 30 doses every 30 days). See page 5 for more information about these requirements.

Your Humana Medicare Employer plan has additional coverage of some drugs. These drugs are not normally covered under Medicare Part D. These drugs are not subject to the Medicare appeals process. The amount you pay when you fill a prescription for these drugs does not count toward your total drug costs (in other words, the amount you pay does not help you qualify for catastrophic coverage).

This is your time, let's make the most of it

Members can schedule their in-home health assessment at no additional cost

Humana has teamed up with Signify Health to offer you an In-home Health and Well-being Assessment (IHWA). An IHWA is a detailed annual review in the privacy of your own home, providing an extra set of eyes and ears for your doctor.

This visit may include recommended screenings and tests. Best of all, we make it easy by coming to you. The IHWA is not meant to replace your doctor's care but is available as an extra resource.

For members, it's included in your Medicare Advantage plan at no additional cost.

A licensed medical professional will spend 45–60 minutes with you.

Results are shared with you and your primary care provider.

Members, call Signify today to schedule your appointment

ACTION REQUIRED: Send West Virginia PEIA Your Medicare Information.

Dear West Virginia PEIA Medicare-Eligible Member,

We are very excited to welcome you to the Humana family starting January 1, 2022. Due to the federal rules governing Medicare Advantage, PEIA and Humana are **required** to have your permanent residential address and Medicare ID number on file and report it to the Center for Medicare and Medicaid Services (CMS).

Your permanent residential address cannot be a Post Office (P.O.) Box. Your Medicare ID number is located on your red, white, and blue Medicare card.

Please complete the form below and return it to PEIA, using the enclosed envelope, **no later than October 31, 2021**. If you do not provide the necessary information, you will not be able to be enrolled in the PEIA/Humana Medicare Retiree Plan effective January 1, 2022.

Please note: Your mailing address and residential address can be different, and your mailing address can be a P.O. Box.
