Re: Outpatient Prospective Payment System (OPPS) 2017 Update

---

OPPS rates have been updated. Below is a summary of the changes that were effective February 1 2017:

1. For CY2017, the fixed dollar threshold is \$3,825. The multiple threshold does not change, therefore, the new outlier threshold is the maximum of  $1.75 * APC\_Pay$  and  $APC\_Pay + 3825$ .
2. The statewide conversion factor (CF) has been set at \$83.25.
3. The quarterly update will be loaded by mid-January 2017.

Hospitals reimbursed through OPPS continue to have their rates set at 111% of Medicare's rates.
