

REQUEST FOR PRIOR APPROVAL OF SERVICES

The WV PEIA Preferred Provider Benefit Plan (PPB) requires prior approval for all services from:

- out-of-state, out-of-network (OOS, OON) providers, and
- in-network providers located beyond the counties bordering WV (OOS, IN) if the member lives in WV or a contiguous county of a surrounding state.

PEIA PPB Plan members must use PPO network providers to receive the higher in-network level of benefits. The PPO network consists of West Virginia providers who accept PEIA's reimbursements and out-of-state providers in the UnitedHealthCare Choice Plus network

NOTE: A member's out-of-pocket costs can be significant (up to 100%) when prior approval is required but not obtained.

To apply for prior approval, **read and complete both sides** of this form, then submit it to UMR as directed on the back of this form. A separate form must be completed for each provider (doctor, clinic, hospital, etc.) from whom you seek services.

All information must be provided on both sides of this form to process this request.

IMPORTANT INFORMATION ABOUT YOUR REQUEST FOR PRIOR APPROVAL

Prior approval will only be granted for medical care that is not available in WV within a reasonable travel time, or for a medical condition that requires specialized services not readily available within the state. If care by an equivalent specialist is available within a reasonable geographic range, approval for the higher benefit for out-of-network or out-of-state services will not be granted.

You **will not** be granted benefits at the higher level based solely on your personal preference for an out-of-network/out-of-state provider or due to your perception that the local provider is not of the same quality as the physician you are requesting. You may access care from the provider of your choice, however if it is for these reasons, it will most likely not be allowed at the higher benefit level, and may not be covered at all.

If proposed care is to be provided by an Out-of-State or Out-of-Network provider, then this section must also be completed to allow UMR to obtain information for processing of request and/or claims.
