Personify Health Wellness Program

Personify Health Wellness Program

Program Overview

Overview

Personify Health is a wellness platform with tools and resources to support PEIA PPB policyholders' personal wellbeing goals.

This is a way for members to create their own health journey and reduce their risk and impact of chronic disease. A large portion of the rising costs of healthcare are directly tied to preventable conditions. Utilizing the wellness platform and engaging in their health journey is a way for members to contribute to controlling the escalation of healthcare costs for both the member and the plan.

SENATE BILL 712

- On August 1, 2025 SB 712 became effective requiring retirees to be unemployed in any capacity for consecutive 60 days prior to being reemployed with an agency that has benefits through the Consolidated Public Retirement System (CPRB)
- Retirees may not have any communication regarding reemployment prior to retirement or during that 60 day period.
- Should this occur, the retiree's retirement is voided and they will be responsible for any annuity payments received and any future tax repercussions. This may also affect the member's PEIA coverage for that voided retiree period.

Foundation of PEIA

PEIA
is a State Agency
as part of the State of WV

- PEIA is a non-federal, government “Employer Sponsored Health Plan” under federal rules.

Agencies that participate in PEIA are not the "Employer Sponsor" of the employer sponsored health plan but are actually statutory permissible participants in an employer sponsored health plan whereby the "Employer Sponsor" is, by law, the State of West Virginia.

As such they do not have the authority to waiver, modify, or otherwise alter or ignore PEIA's eligibility or operational rules

DIVORCE

- PEIA takes fraud, waste and abuse seriously.
- Any member or dependent is left on a PEIA policy is considered either fraud, waste or abuse.
- PEIA will investigate who is at fault, be it the member, the BC, or the agency and they may be responsible for any and all claims/premiums due to PEIA.

- PEIA requires a complete copy of the divorce decree.
- If you are informed of a divorce that falls outside the timeframe for making changes, please email your eligibility representative after you've made the change online. This will allow them to backdate the change for you.

FROM PAGE 21 OF THE SPD

“Qualifying events which end eligibility (such as divorce, the re-marriage of a surviving dependent, placement in State or Federal custody, etc.) must be reported immediately. Stepchildren must be removed from coverage by the policyholder at the time of a divorce. For purposes of eligibility, the term “immediately” shall mean as soon as practically possible and, in no case, greater than thirty (30) days from the date of the event, e.g. divorce. The policyholder is responsible for notifying PEIA of the divorce, in writing, by completing and submitting either an online transaction in the Manage My Benefits system or a Change in Status form and providing a copy of the divorce decree. Divorce cannot be reported by phone call or email.”

ON PAGE 29 OF THE SPD, IT REITERATES:

“For purposes of eligibility, the term “immediately” shall mean as soon as practically possible and, in no case, greater than thirty (30) days from the date of the event, e.g. divorce, termination of Guardianship/parental rights, etc. “Reporting” means the proper submission of a “Change In Status” form to the member’s Employer Agency Benefit Coordinator and/or the proper submission of the Qualifying Event through the PEIA Manage My Benefits Portal with the appropriate supporting documentation, e.g. a copy of the divorce decree, Court Order(s), etc. “Calling” and/or e-mailing and informing your participating employer and/or PEIA of an event does not meet the reporting requirements of this section.”

IN THE PEIA PLAN DOCUMENT (Legislative Rule)

- §CSR 151.01
 - LOAs are limited to one (1) year with certain exceptions
- Worker's Compensation
- Military Leaves
- Approved FMLA
- Employees must submit monthly documentation of their LOA status and their expected return to work date to their employer.

LEAVE OF ABSENCE (LOA)

- “In Leave of Absence situations where the employee is required to pay their share of the premium, it is the employer’s responsibility to establish the method or means for that premium collection and to track it on a monthly basis. As Leaves of Absence are granted by the employer, the employer assumes the responsibility for the full payment of premiums for the member. PEIA will not “retro-term” employee members for their failure to pay the employee share of the premiums nor credit the employer for past months that the employee failed to pay. It is the responsibility of the employer to report any employees that are on a Leave of Absence to PEIA through the portal. Failure to immediately report the employee’s non-payment of premiums while on a Leave of Absence, and the failure to term said employee’s coverage with PEIA, may result in the employer being held responsible for any and/or all claims paid by PEIA on behalf of the policyholder and/or their dependents.
- Return from a leave of absence does not constitute a qualifying event which would allow the member to change plans during the plan year.”

LOA SUMMARY

- An agency can't "string" LOAs – consecutive one (1) year periods.
- A member is eligible for one (1) year of PEIA coverage(s) under a LOA (with the previously mentioned exceptions noted).

- If a member refuses to return to work after being discharged from a worker's compensation matter, then they are no longer eligible for PEIA LOA coverage(s) as they no longer meet the definition of an "employee" under PEIA Rule(s).

LOA ONLINE PORTAL

- If a member applies for disability, under PEIA Rules they are no longer eligible for PEIA LOA coverage(s)
- To term a member on leave in the online portal use:
TERMED INSURANCE WHILE ON LEAVE OF ABSENCE

WORKERS' COMPENSATION

- PEIA has identified that, in some instances, it has been paying claims for medical issues related to Worker's Compensation.
- If a medical claim is, "Work Related", it is not PEIA's responsibility to pay the claim(s). It is the responsibility of the agency's worker's compensation insurance carrier.
- Agencies and members are required to report to medical providers if medical claims are work related and to advise the medical provider(s) – medical and pharmacy – to not bill PEIA for the claim(s).
- PEIA insurance is not a substitute for Worker's Compensation insurance coverage(s).

REMINDER

RETIREE FORMS

- Retirees **MUST** fill out a termination form and a Retiree Basic Life and Health enrollment form. If they do not want coverage, fill out the second form and decline coverage. Forms should be sent by fax, mail or uploaded into the online portal

REMINDER

SPOUSAL SURCHARGE

- When a member has a spouse that works for an agency that works for PEIA and one of them quits, the PEIA system will automatically assess the Spousal Surcharge to their premium the first of the following month. Please remind employees to update their Spousal Surcharge Affidavit if their spouse will no longer have employee sponsored insurance.

TRAINING REQUESTS

If you would like PEIA to come to your agency and speak to your employees or BCs, please contact me to set up a date and time.

**Thank you for the support
and dedication you give to
all members and PEIA!**
