

PEIA Transition to UMR

- UMR is replacing HealthSmart on July 1
- It's a change in who processes medical claims for the PEIA PPB Plans
 - Changes the out of state network
 - Adds some helpful new programs
- It has no effect on:
 - Members of The Health Plan ~~PPO~~ or POS Plans
 - The *Manage My Benefits* System
 - Premium Payments
 - Eligibility Transactions
 - Any other process you do with PEIA as a Benefit or Web Contributions Coordinator
- It doesn't change PEIA's benefits or the rules for things like accessing out-of-state care.
