

# Non-Medicare Retiree Premium Assistance Program

## Plan Year 2023 July 1, 2022, through June 30, 2023

Each year at this time, the PEIA offers Premium Assistance to retired employees and surviving dependents who qualify. Premium assistance reduces the monthly premium payment for the retiree or surviving dependent. Premium assistance is available to non-Medicare retirees with at least 5 years of service.

The premium assistance program pays part of your health insurance premium if your gross income is less than 250% of the Federal Poverty Level (FPL). To qualify for premium assistance, you must meet **all** of the following criteria:

- you must have 5 or more years of service,
- you must be enrolled in the PEIA Preferred Benefit Plan (PPB) Plan A or B, and
- your household income during calendar year 2021 must have been at or below 250% of the FPL.

The chart below shows the income amounts and corresponding poverty level. Find the number of people in your household, then look across the chart to find your total annual household income. The gray box above your income will tell you your percentage of the FPL, and that will determine the amount of assistance you may receive.

| Federal Poverty Level      |                  |                      |                      |                      |
|----------------------------|------------------|----------------------|----------------------|----------------------|
| Individuals in Household   | <100%            | 100%-150%            | 150%-200%            | 200% - 250%          |
| 1                          | \$13,590 or less | \$13,591 -- \$20,385 | \$20,386 -- \$27,180 | \$27,181 -- \$33,975 |
| 2                          | \$18,310 or less | \$18,311 -- \$27,465 | \$27,466 -- \$36,620 | \$36,621--\$45,775   |
| 3                          | \$23,030 or less | \$23,031 -- \$34,545 | \$34,546 -- \$46,060 | \$46,061--\$57,575   |
| 4                          | \$27,750 or less | \$27,751 -- \$41,625 | \$41,626 -- \$55,500 | \$55,501--\$69,375   |
| Each additional person add | \$4,720          | \$7,080              | \$9,440              | \$11,800             |

Find your poverty level and your years of service in the chart below. This will show you the dollar amount of the premium reduction for which you are eligible. For example, if you had 20 years of service, your income is \$19,000 and you are the only individual in your household, then your poverty level is 100%-150%. In the chart below, go to the column labeled "100-150% of FPL" and the row labeled 15-24. You are eligible for a monthly premium reduction of \$50.

| Policyholder Only Monthly Premium Reduction   |              |                 |                 |                 |
|---|--------------|-----------------|-----------------|-----------------|
| This amount will be deducted from your monthly premium for non-Medicare coverage. If the amount of the reduction is greater than the premium, then the premium due will be \$0. |              |                 |                 |                 |
| Years of Service  | <100% of FPL | 100-150% of FPL | 150-200% of FPL | 200-250% of FPL |
| 5-14  | \$51         | \$34            | \$19            | \$13            |
| 15-24   | \$65         | \$50            | \$31            | \$19            |
| 25+   | \$88         | \$74            | \$46            | \$24            |

| Policyholder with Dependents Monthly Premium Reduction  |              |                 |                 |                 |
|---|--------------|-----------------|-----------------|-----------------|
| This amount will be deducted from your monthly premium for non-Medicare coverage. If the amount of the reduction is greater than the premium due, then the premium due will be \$0. |              |                 |                 |                 |
| Years of Service  | <100% of FPL | 100-150% of FPL | 150-200% of FPL | 200-250% of FPL |
| 5-14  | \$76.50      | \$51.00         | \$28.50         | \$19.50         |
| 15-24   | \$97.50      | \$75.00         | \$46.50         | \$28.50         |
| 25+   | \$132.00     | \$111.00        | \$69.00         | \$36.00         |

### **Sick and Annual Leave or Years of Service Credits**

If you are using sick or annual leave or years of service credits to get free or reduced premiums, **please do not fill out this form -- unless** you will run out of credits before June 30, 2023. If your credits will run out before June 30, 2023, you may apply now. If your application is approved, premium assistance will begin when your credits end.

### **Deadline for Application**

**If you want your assistance to begin on July 1, 2022, we must receive your application before June 5, 2022.**

Applications will be processed in the order received. You may apply for assistance at any time during the year, but if we receive your application after June 5, 2022, we will process it as quickly as possible and, if you qualify, your premium reduction will be effective the first day of the month following the date of your approval. PEIA will not issue credit for previous months' premiums. You will receive a letter informing you of the approval or denial of your application.
